Case Summary

Report:

On Sunday, June 14, 2015, Greene County Sheriff's Office Deputies were dispatched to 2103 W. Volunteer Way for a report of two missing females.

This case was involving Claudinne (aka Dee Dee) A. Blanchard, DOB: 05/03/1967, who was found deceased, and her twenty three year old biological daughter, Gypsy R. Blanchard, DOB: 07/27/1991, who was reported as missing. Several of the neighbors were concerned about the well being of Claudinne and Gypsy, because of a post on Gypsy's Facebook about how they were both dead. Claudinne and Gypsy resided at 2103 W. Volunteer Way, Springfield, Missouri.

Claudinne and Gypsy had not been seen or heard from for approximately two days and the caller, Kimberley Blanchard, DOB: 11/22/1981, a close friend, reported finding Facebook posts from unknown persons stating the two had been both, "raped and murdered." Kimberly arrived at the above residence to find Claudinne's vehicle, a 2011 Nissan Cube, in the driveway and no one would answer the door. Kimberly said both Claudinne and Gypsy had several health issues, requiring them both to be wheel chair bound. According to statements made by the neighbors, David Blanchard, DOB: 08/18/1973, Tamara Rose, DOB: 11/04/1975, and Amy Pinegar, DOB: 03/07/1965, Gypsy was very ill with degenerative genetic disorder, unknown what type, and some sort of cancer, unknown what type. They had tried to call Claudinne's cell phone multiple times, and had not gotten an answer, which they said was unusual. Tamara and Amy confirmed the vehicle, parked in the driveway was Claudinne's and the only known vehicle they had. None of them could remember seeing either Claudinne or Gypsy in the last few days.

Several of the local hospitals were checked and Claudinne and Gypsy were not admitted into any of them. The neighbors stated Gypsy and her mother go to Kansas City Missouri Hospitals for treatment. Phone contact with several of the Kansas City area hospitals were made trying to locate Claudinne and Gypsy. Neither of them was registered as patients at the Kansas City Hospital's. Attempts were made to make contact with people on Gypsy's Facebook page.

Because of the suspicious messages, only known vehicle in driveway, both were missing, wheel chairs were still at house, "That Bitch is dead," and, "i fucken SLASHED THAT FAT PIG AND RAPED HER SWEET INNOCENT DAUGHTER...HER SCREAM WAS SOOOO FUCKEN LOUD LOL," coming from Facebook from, "Dee Gyp Blanchard," friends and neighbors advised law enforcement this was Claudinne and Gypsy's Facebook, a search warrant for the residence, 2103 W. Volunteer Way, was sought. After the search warrant was approved it was served by Greene County Sheriff's Office Criminal Investigative Division. Inside the residence under the authority of a search warrant, a female, later identified as Claudinne Blanchard, was found lying on a bed, in a bedroom, on her stomach with several apparent stab wounds to her back side. Gypsy was not located inside the

Restricted

residence.

Aleah Woodmansee, DOB: 11/13/1992, who had been friends with Gypsy in the past had information she wanted to share. Contact was made with Aleah she had advised deputies about a Nicholas Godejohn, DOB: 05/20/1989, who Gypsy talked about a lot. Aleah had been communicating with Gypsy via Facebook in October of 2014, about Nicholas. In the Facebook messages Gypsy talks about wanting to have a baby with Nicholas and she wanted to name the child Nicholas Paul Godejohn Jr. According to Aleah, the messages Gypsy sent to her, indicated Nicholas had promised her they would get married. Nicholas had been promising to meet her at the premiere of the movie Cinderella in March of 2015. Aleah was unable to remember what Gypsy's name was listed as on Facebook but believed it to be, "Gypsy Rose." She had not talked to Gypsy or visited with Gypsy since October of 2014.

On Monday, June 15, 2015, Gypsy and Nicholas were located at W228 S8755 Cherry Street, Big Bend, Wisconsin. The address and name were located through IP address from the Facebook page posts about the statement, "i fucken SLASHED THAT FAT PIG AND RAPED HER SWEET INNOCENT DAUGHTER...HER SCREAM WAS SOOOO FUCKEN LOUD LOL." The IP address checked back to Nicholas Godejohn at the above mentioned address.

On Monday, June 15, 2015, contact was made with Gypsy and Nicholas in an interview room at the Waukesha County Sheriff's Office, Waukesha, Wisconsin. Sgt. Stan Hancock interviewed Gypsy Blanchard. During the interview, Gypsy disclosed Nicholas had killed her mother because Nicholas and Claudinnea did not get along. Gypsy claimed she had been made to stay in the bathroom at the 2103 W. Volunteer Way address, while Nicholas murdered Claudinnea. Gypsy claimed she was raped and then forced to clean up the residence after Nicholas had killed Claudinnea. Gypsy claimed she had no part in the murder of Claudinnea.

On Tuesday, June 16, 2015, Cpl. Angela Maholy interviewed Nicholas Godejohn in an interview room at the Waukesha County Sheriff's Office, Waukesha, Wisconsin. Nicholas admitted to stabbing Claudinnea in the back with a knife, while she was lying on her stomach, while she had been sleeping in her bedroom. He disclosed about how Gypsy had given him the knife and the gloves and let him in the residence. He admitted the whole idea to kill Claudinnea was Gypsy's idea and he would not have killed her if Gypsy had not asked him to kill her. Nicholas described where several pieces of evidence pertaining to the murder could be located inside his residence located at W228 S8755 Cherry Street, Big Bend, Wisconsin, including the knife he used.

After the interviews were completed a Greene County Sheriff's Office Probable Cause Statement was submitted to the Greene County Prosecutor's Office. The Probable Cause Statement was signed by a Greene County Missouri Judge for Murder in the First Degree and Armed Criminal Action. Gypsy and Nicholas were turned over to the Waukesha County Jail.

On Tuesday, June 16, 2015, Waukesha County Sheriff's Office Criminal Investigations Division conducted a search of the residence located at W228 S8755 Cherry Street, Big Bend, Wisconsin. Several pieces of evidence related to the murder were collected from the residence.

A forensic examination was completed on Nicholas Godejohn and Gypsy Blanchard's cell phone. The examination showed several text messages exchanged between Nicholas and Gypsy just days before leading up to the date of the murder. The examination revealed a video from Gypsy's phone where someone can be seen walking through the residence at 2103 W. Volunteer Way, Springfield, Missouri, and into Claudinnea's bedroom to the bed where Claudinnea slept. Claudinnea was not in the bed during the making of the video when the cell phone was held over the bed. Then with their free hand

pointed toward the head of the bed, the subject then made a stabbing motion toward the bed.

Missing person x2

Report:

On 06-14-15 at around 1315 hours, I responded to 2103 W. Volunteer Way, to check the wellbeing of Claudinne A. Blancharde DOB: 05-03-67, and her 14 year old daughter, Gypsy R. Blancharde DOB: 7-27-00. According to call notes, it was reported the two had not been seen or heard from for approximately 2 days and that the caller, Kimberley Blanchard a close friend, reported finding Face Book posts from unknown persons stating the 2 had been "raped and murdered." Additionally, it was reported she and other neighbors arrived at the above residence to find Claudinne's vehicle in the driveway no one would answer the door. Furthermore, it was said both Claudinne and Gypsy had several health issues, requiring them both to get around mostly by Wheel chair

Upon arrival of myself, Deputy K. Hughes, and Cpl. R. Stewart, and later, Deputy T. Haynes, Deputy Hughes spoke to neighbors and friends on scene who knew the two alleged missing females, while Cpl. Stewart and I checked the doors and windows of the residence for any indications of force entry or foul play. Nothing was found as a result. However, while checking an east door of the residence, one of the neighbors, Charles Blanchard, Kimberly's husband, found an unlocked, but closed window, leading into the kitchen of the residence and he went inside despite warnings not to. Moments later, he unlocked the front door and advised the two were not inside and he did not see any apparent signs of a struggle. He was instructed to exit the residence and the residence was resecured. It was learned that the window Charles found unlocked could not be secured do malfunctioning window locks (not caused by tampering).

We checked the vehicle in the drive, and an outbuilding on the property, and nothing seemed to be out of the ordinary with them either.

I then assisted with gathering information that would be pertinent to locating the two possible missing females. I canvassed the area of residents in view of the home in question and I found no one home. There was uncollected mail in the mailbox showing post mark dates of 6-8-15. However, it was unknown when the mail was delivered. Additional information gained while on scene per Deputy K. Hughes, was that Gypsy had a secret Face Book account that she kept hidden from her mother and that she had been "Sexting" an individual about meeting. (See her report for details as well as details of the Face Book comments made about the two being "raped and murdered.")

Based on the information obtained at the scene, I made contact with the on call detective, B. Wallace, and informed him of the mater. I was later advised he would be enroute along with other detectives to investigate and that he requested that I have Claudinne and Gypsy entered into MULES as missing.

Report:

On 6/14/15 at 3:13 PM, I, Officer K. Hughes, was dispatched to a call for service at 2103 W. Volunteer Way. I responded along with Deputy Robertson and my Field Training Officer Corporal Stewart. Neighbors of the occupants, Claudinnea Blancharde (who goes by the name Dee Dee) and her daughter Gypsy Blancharde, were concerned because some posts had been made on Dee Dee's Facebook page from her own account (under the name Dee Gyp Blancharde). We were met at the Blanchardes' residence by four neighbors - David and Kimberly Blanchard (no relation), Tamara Rose, and Amy Pinegar (the initial reporting party).

The neighbors were concerned because both Dee Dee and Gypsy had multiple health problems. Gypsy was wheelchair-bound and had a degenerative genetic disorder of some sort and "some sort of cancer" according to Kimberly - "she won't live to be as old as we are," Kimberly stated. The neighbors all stated that Dee Dee and Gypsy spent a lot of time at home and were friendly people, describing them both as "sweet" multiple times. They stated the Blanchardes had moved to the Springfield area after Hurricane Katrina; they had been residents of Louisiana prior to that. None of them thought that the Blanchardes had any relatives still living. They had tried to call Dee Dee's cell phone multiple times, and not gotten an answer, which they said was unusual. Tamara and Amy confirmed that it was Dee Dee's car sitting in the driveway. None of them could remember seeing either Dee Dee or Gypsy in the last few days.

They stated that there had been a burglary at this location in April, and Dee Dee had been very nervous ever since. I asked if Dee Dee would open the door of the house to a stranger, and Amy stated that she would, and she rarely looked outside or used the peephole before opening the door. I asked her if she would describe Dee Dee as being inclined to trust people and Amy said that Dee Dee was a very trusting individual, although the robbery had rattled her.

Kimberly showed me the posts in question. The first one, posted on 6/14/15 at approximately 2:40 PM, stated "That Bitch is dead!" A comment on the same post, also from Dee Dee's account, stated "I fucken SLASHED THAT FAT PIG AND RAPED HER SWEET INNOCENT DAUGHTER...HER SCREAM WAS SOOOO FUCKEN LOUD LOL". Approximately half an hour after the initial post, another post was made on Dee Dee's Facebook page saying "The Girl is Dead too..." Kimberly took screenshots of these posts and sent them to my email account upon my request.

David Blanchard stated that he had formerly been involved in the running of VisionCon, a local science fiction and fantasy convention. David said in 2011, Gypsy had arranged to meet a man at VisionCon, and the man had convinced her to steal money from her mother's purse and run away with him. Her mother had been able to find out what was going on and prevent anything from happening.

Linda Young, the mother of the next door neighbor, walked over to talk to us after we'd been on scene for a while. She stated that her daughter had formerly had a key to the Blancharde house, but had given it back "maybe six months ago." Her daughter has some mental disabilities but is high-functioning and lives alone. Linda stated there was some sort of trouble at the Blancharde residence with "certain people" in the neighborhood that her daughter had been implicated in because she had a key, which is what prompted her to return it. Linda did not want to tell me who "certain people" were, but implied that they continued to cause issues.

Aleah Woodmansee, Amy's daughter, also came to the scene. Aleah informed me that Gypsy had been communicating to her through a secret Facebook profile her mother didn't know about last October. Aleah was able to find the messages on her phone and allowed me to use the phone to review the messages. Gypsy said in the messages that she had been communicating with another man on the Internet. At one point in a message, Gypsy stated that this man was 24 years old, and at another point she stated that she wanted their future son to be named "Nicholas Paul Godejohn Jr." The messages that Gypsy sent to Aleah indicated that this man had promised Gypsy various things, possibly even including stating that they would get married - although they had not met in person at this point. The man had also been sending her sexual text messages, since she shared a "funny story" with Aleah that involved this man sending a sexual message to his father by mistake. This man had been promising to meet her at the premiere of the movie "Cinderella" in March. Gypsy had gotten upset with Aleah and wound up blocking her from Facebook. Aleah was unable to remember what Gypsy's name was listed as on Facebook but believed it to be Gypsy Rose. She stated that Gypsy had been using a picture from the Disney animated version of Cinderella as her profile picture.

None of the neighbors seemed to have anything further they could contribute. I collected their contact information and informed them to contact us if they knew of anything else that could help the investigation.

Deputies responded to a residence on Volunteer Way in reference to a check well-being.

Report:

On Sunday, 06/14/2015, at 3:57pm, myself and Deputy Katherine Hughes, responded to 2103 West Volunteer Way in Springfield, Missouri, on a check well-being call with Deputy Mike Robertson. According to the call notes, Kimberly Blanchard, reported she had seen threats toward her friend on Facebook and was concerned for her well-being.

Upon arriving to the residence Deputy Robertson and Hughes made contact with Kimberly, her husband Charles, and other friends of the residents, while I walked around the residence searching to see if I could see any signs of forced entry or a better vantage point to get a view into the residence. The house which was located on the north side of Volunteer Way was a modest single-level residence with a house located next to it on the east side, a vacant lot on its west side, and a small wooded area and another house located to the north of it.

All of the doors and windows I checked did not show any signs of being tampered with, and the only window without any form of window lint on it was located on the northeast corner to the rear of the house. Upon looking through the small portion of the open drapes of the window it appeared lights were on in the room, and that there was a bed next to the window. I was unable to tell if anything was disturbed or if anyone was inside the room. Upon coming around the west side of the house I contacted Deputy Robertson who advised me he could not see any signs of windows being tampered with or forced entry.

Upon checking the residence's mailbox I noticed that there several articles of mail inside with the postmark stamp dated as far back as 06/08/2015. After reviewing the mail I went back to the rear of the residence and checked the window at the rear of the residence that allowed me any kind of view. Again, I could not see any signs of disturbance or if anyone was inside the room. While I was at the rear of the residence I heard what sounded like something breaking around the corner of the east side of the house. I walked around the corner and seeing Deputy Robertson standing on the side deck I asked what was going on. Deputy Robertson advised me that Charles, Kimberly and their friends had pried open a window wanting to go inside the residence. As I continued walking around the house Kimberly asked if they could go into the residence and check. I informed her that would not be a good idea and we could not give her permission to do that. As I continued to walk around to the front I observed that Charles was already climbing through the window. Charles asked me if I would arrest him? I advised him that if the homeowner had not given him permission and wanted to press charges against him if went in uninvited, he could face charges. That is when one of the neighbors and friends of the homeowner stated she would not care and Charles went inside. After a couple of minutes Charles opened the front door and stated nobody was home and did not see any signs of trouble except for several wheelchairs being inside the residence. While standing in the front yard I peered through the open front door and observed no signs of a disturbance. Seeing no signs of disturbance I instructed Deputy Robertson to have Charles and anyone else inside to step out of the residence and secure the door.

Since the friends of the homeowners stated that both mother and child had medical issues, I instructed Deputy Robertson to contact the local hospitals to see if one of them had been hospitalized, while I contacted dispatch to see if there were any recent medical calls or incidents at the location. According to Dispatch there had not been any medical calls or incidents since an April 30th check well-being call that had been handled by an officer. After speaking with both hospitals it was found that neither the mother or daughter had been admitted to the hospital recently.

Concerned with the Facebook threats and not being able to locate any information to where the mother and child were, I contacted Lieutenant Jason Johnson and briefed him of the situation and asked him how he wanted me to proceed. After being briefed, Lieutenant Johnson instructed me to have the on-call CID Detective notified and see how they wanted us to proceed. Since Deputy Robertson was the primary officer I assisted him with paging the on-call and instructed him to bring him up to speed on what was happening. While waiting for the CID on-call to call I instructed Deputy Hughes to collect information from the Charles, Kimberly, and the other subjects that were at the residence. Upon Deputy Timothy Haynes, the on-coming district car arrival, I had him start on attempts with pinging the available cell phone numbers we could obtain for the mother and daughter, and attempt to contact hospitals in the Kansas City Area to see if the mother and daughter had been transported up there. This was because of a note that was found on the front door had a Kansas City Children's Mercy Hospital address marked on it.

A short time later Lieutenant Johnson arrived on scene and took over the scene. After Deputy Robertson and Hughes completed obtaining the information needed for the report, we were released from the scene. Upon returning to headquarters the information was entered into the report by Deputy Hughes and Deputy Robertson contacted records to have the mother and daughter entered as missing in MULES.

Missing mother and daughter

Report:

On June 14, 2015, I was assigned Greene County Sheriff's Office case number 15-03540. This case was involving Claudinne (aka Dee Dee) A. Blanchard, DOB: 05/03/1967, who was found deceased, and her twenty three year old biological daughter, Gypsy R. Blanchard, DOB: 07/27/1991, was reported as missing. Several of the neighbors were concerned about the well being of Claudinne and Gypsy, because of a post on Gypsy's Facebook about how they were both raped and murdered. Claudinne and Gypsy resided at 2103 W. Volunteer Way, Springfield, Missouri.

Claudinne and Gypsy had not been seen or heard from for approximately two days and the caller, Kimberley Blanchard, DOB: 11/22/1981, a close friend, reported finding Facebook posts from unknown persons stating the two had been, "raped and murdered." Kimberly arrived at the above residence to find Claudinne's only known vehicle, 2011 Nissan Cube, in the driveway and no one would answer the door. Kimberly said both Claudinne and Gypsy had several health issues, requiring them both to be wheel chair bound. According to statements made by the neighbors, David Blanchard, DOB: 08/18/1973, Tamara Rose, DOB: 11/04/1975, and Amy Pinegar, DOB: 03/07/1965, Gypsy was very ill with degenerative genetic disorder, unknown what type, and some sort of cancer, unknown what type. They had tried to call Claudinne's cell phone multiple times, and had not gotten an answer, which they said was unusual. Tamara and Amy confirmed the vehicle, parked in the driveway was Claudinne's. None of them could remember seeing either Claudinne or Gypsy in the last few days.

Several of the local hospitals were checked and Claudinne and Gypsy were not admitted into any of them. The neighbors stated Gypsy and her mother go to Kansas City Missouri Hospitals for treatment. I made phone contact with several of the Kansas City area hospitals trying to locate Claudinne and Gypsy. Neither of them were registered as patients at the local Kansas City Hospital's. I attempted to make contact with several people on Gypsy's Facebook to get information about Claudinne and Gypsy.

Because of the suspicious messages, "That Bitch is dead," and, "i fucken SLASHED THAT FAT PIG AND RAPED HER SWEET INNOCENT DAUGHTER...HER SCREAM WAS SOOOO FUCKEN LOUD LOL," coming from Facebook from, "Dee Gyp Blanchard," a search warrant for the residence, 2103 W. Volunteer Way, was sought. After the search warrant was approved it was served by Greene County Sheriff's Office Detective's Sergeant J. Stanley, and Sergeant M. Staeger. Inside the residence under the authority of a search warrant, Sgt. Stanley and Sgt. Staeger located a female, later identified as Claudinne Blanchard, lying on a bed, in a bedroom, on her stomach with several apparent stab wounds to her back side. Gypsy was not located inside the residence, see Sgt. Stanley and Sgt. Staeger's report's for further details about the crime scene and the processing of the crime scene.

Upon reading Greene County Sheriff's Office Deputy K. Hughes report I discovered a female

identified as Aleah Woodmansee, DOB: 11/13/1992, who had been friends with Gypsy in the past. I made contact with Aleah and told of the reason for me contacting her, and she agreed to speak with me. Aleah said she had told Deputy Hughes about a male, Nicholas Godejohn, DOB: 05/20/1989, who Gypsy talked about a lot. Aleah had been communicating with Gypsy via Facebook in October of 2014, about Nicholas. In the Facebook messages Gypsy talks about wanting to have a baby with Nicholas and she wanted to name the child Nicholas Paul Godejohn Jr. According to Aleah the messages Gypsy sent to her indicated Nicholas had promised her they would get married. Nicholas had been promising to meet her at the premiere of the movie Cinderella in March of 2015. Gypsy had gotten upset with Aleah and blocked her from Facebook. Aleah was unable to remember what Gypsy's name was listed as on Facebook but believed it to be, "Gypsy Rose." She had not talked to Gypsy or visited with Gypsy since October of 2014. Aleah agreed to have the conversation she had with Gypsy in October 2014, downloaded from her cell phone. Aleah consented (written/verbal consent) to a download of her cell phone and she was present the whole time to stop the download if she wanted.

On June 15, 2015, I was notified Gypsy and Nicholas were located at W228S8755 Cherry Street, Big Bend, Wisconsin. Greene County Sheriff's Office Detective Corporal Angela Maholy and I made contact with the Waukesha County Sheriff's Office in Waukesha, Wisconsin, to interview Gypsy and Nicholas.

Interview of Gypsy Blanchard

Report:

Corporal Angela Maholy and I arrived in Wisconsin where she and I were met at the airport by Waukesha County Sheriff's Department Detective Mike Toole and Detective Christopher Kohl. Detective Toole and Detective Kohl transported Cpl. Maholy and I to their office where Gypsy and Nicholas were being kept. The following interview with Gypsy was video recorded and logged into evidence. The following is not intended to be a transcript of the interview but a summation of the interview.

I made contact with Gypsy and advised her of the reason for me contacting her. Gypsy stated she was nineteen years old and she told me her date of birth was July 27, 1995. Gypsy had a hospital bracelet on her wrist and she told me the hospital put her date of birth as 07/27/1991, which this would have made her twenty three years of age. According to her birth certificate Gypsy was born on July 27, 1991. Gypsy stated she had no idea why she was there and no one would tell her anything. She told me she was home schooled but stated she could read and write. She stated her comprehension level was good. I read Gypsy her Miranda warning. Gypsy acknowledged she understood her Miranda warning by shaking her head up and down, and then stated, "Sure."

At the beginning of the interview Gypsy denied having a cell phone. Later on during the interview she stated she did have a cell phone but only uses it for Yahoo messaging and other social media sites. Gypsy denied being involved in anything and stated she was a person who was one hundred percent honest. She confirmed she and Nicholas were boyfriend and girlfriend and they met on a Christian Dating For Free web site. She used her mother's laptop to communicate with Nicholas. It should be noted at the beginning of the interview she stated her mother would not let her use a computer because it was unsafe. I told Gypsy her mother was deceased and she sat there for a few seconds and said nothing. She then brought her right hand/arm up toward me and stated, "Wait what what." She then just looked at me for a few seconds shook her head to the left and right and continued to cry. She denied knowing her mother was deceased and she wanted to know what happened.

When I asked her why she hurt her mother she stopped for a few seconds and said nothing while looking away from me. She then stated, "We would never hurt her." She also stated, "If anything I don't tell lies." She again stated she would never hurt her mom and she stated, "I didn't do anything." She stated she understands things very clearly and thinks she is being accused of doing this. She stated, "I really don't know what happened." She then goes on to explain how she and her mother were having relationship problems. Claudinnea wanted Gypsy to stay a little girl forever and she did not like her boyfriend (Nicholas). Claudinnea told Gypsy if she wanted to go to Wisconsin then she could pack her belongings and leave. Gypsy packed some of her belongings. Gypsy said she was going to be kicked out of her mother's house and she and her mother's problems and arguments were over her and Nicholas wanting to be together.

Restricted

Gypsy "chose to come here," referring to Wisconsin to live with Nicholas. She gave Nicholas money to come to Missouri to pick her up. Nicholas asked his mother if Gypsy could stay with them and Nicholas's mother agreed it would be fine. Gypsy gave Nicholas money specifically for him to stay at a hotel in Springfield, Missouri. Gypsy then told me she does have a cell phone she uses to message people and the phone was in her black Faithbook bag at Nicholas's residence. She asked me if her mother had a heart attack because Claudinne had several medical issues. Gypsy asked about the guardianship papers her mother had put in place if something happened to Claudinne. She denied being threatened by anyone to talk about what happened to her mother. Gypsy was crying and said she should have never left her mom. She made the comment, "I honestly didn't do anything to my momma." She claimed she did not know who did this to her mother. According to Gypsy; Nicholas and Claudinne did not get along and Nicholas told her he hated Claudinne. Claudinne did not want them to be together and they were all getting on each other's nerves. Gypsy promised her mom she would stay away from Nicholas. Nicholas told Gypsy, "it's us against the world," and he was going to protect her no matter what and they were going to get married. She stated Nicholas was very kind to her, but he did not like the police. Nicholas wanted Gypsy to himself and Claudinne was getting in the way of things between the two of them. Claudinne told Gypsy; Nicholas was a, "head in the closet type person who murders and kills a Jeffrey Dahmer kind." Gypsy stated she should have listened to her mother and broke up with Nicholas.

Gypsy then looked up at me and apologized for lying to me. She said she loves him so much and now maybe he can get some help. She then blurts out, "he killed my mom." He was supposed to come visit her and meet Claudinne. When Nicholas arrived in Springfield, Missouri, they were supposed to sit outside together on the porch. Instead he walked inside the residence and started walking toward her mom's bedroom. Claudinne was asleep in her bedroom. Gypsy got up to use the restroom inside the residence and Nicholas followed her. Nicholas put her in the bathroom and locked the door, and then he went to Claudinne's bedroom. Gypsy heard her mother crying and screaming her (Gypsy's) name. Nicholas then opened the door to the bathroom and she observed blood on his right finger because he had cut himself on the knife he used to stab Claudinne. Nicholas then commands Gypsy to clean him up. She stated she cleaned, "things up," with baby wipes. She threw the baby wipes in the garbage. She said Nicholas took her to her bedroom and took all the toys off the bed and he raped her. When he was finished raping her he made her grab her black backpack, which had the wording Faithbook on it, along with a pink in color suitcase. He put her clothes and other belongings in the pink suitcase and the black backpack. He then called for a taxi cab to the house; she stated it was Springfield Yellow Cab. She knew it was wrong to help him clean up but Nicholas grabbed her by the neck and told her she had to clean up the blood.

When Yellow Cab arrived at the residence they took the cab to the hotel on Kentwood Street, which was later discovered to be the Days Inn, room 227, at Glenstone and McClernon, Springfield, Missouri. The next day they went to the Greyhound bus station to leave for Wisconsin, but they were unable to get a ticket together to ride the same bus. Nicholas told the Greyhound employee Gypsy's name was Bella Godejohn; he wanted people to think Gypsy was his sister. Since they were unable to get a ticket together on the same bus, they went back to the Days Inn and rented another room (226) and stayed the night.

They left on a Greyhound bus (June 12, 2015) which departed from Springfield, Missouri, and arrived in Wisconsin on June 13, 2015, at approximately two in the morning. Nicholas's mother had picked the two of them up at the Wisconsin Greyhound bus station. They stayed at Nicholas's mother's residence until the Waukesha County Sheriff's Department located them at Nicholas's residence in Big Bend, Wisconsin. She told me she wore a wig so people would not recognize her. She stated all her belongings were at Nicholas's residence in his bedroom.

Gypsy stated Nicholas and Clauddinnea had an argument over the phone and she just wanted them to get along. She invited Nicholas to Springfield, Missouri, to come and see the premier of the Cinderella movie in March of 2015. Her mother was jealous of the time she was spending with Nicholas. During the phone conversation between Nicholas and Clauddinnea she told Nicholas he was not good for her daughter and he was a "creepy eye," and it was "creepy," he was hitting on her daughter during a family movie. Nicholas told Gypsy he did not like his name being, "dragged through the mud," by her mom. Nicholas told Gypsy he wanted to get justice and revenge for Clauddinnea, "bad talking to him." Nicholas told Gypsy he wanted to rape Clauddinnea also, but he did not rape her. Gypsy denied going into her mom's bedroom after she was killed, because she didn't want to. She described the knife as being a long sharp knife which did not fold. She was unsure where "he," got the knife. She stated if she knew what was going to happen she would have never went with Nicholas, meaning she would not have had a relationship with him. They were together for two years and Gypsy had talked to his ex-girlfriends who told her Nicholas was a controlling person. Nicholas was into BDSM and Gypsy stated she agreed to it, "I guess." She said he was controlling and all the sex they had in Wisconsin was all consensual. But the sex they had after he killed her mother was not consensual. Nicholas told her everything would be ok and he worshiped her. Gypsy said she wanted to protect Nicholas but she doesn't want to go to jail because she didn't do anything wrong. Gypsy described what Nicholas was wearing when he stabbed Clauddinnea. She described his clothing as a scary shirt which was black in color with scary clowns on it, a black hoodie, black pants, and an off white in color pair of tennis shoes. These items were still in Nicholas's bedroom in a red in color Marlboro duffle type bag. She again stated to me she never went into her mom's bedroom after she was killed.

Gypsy described to me how she was locked into the bathroom. She was walking down the hallway to the bathroom with Nicholas following her. She asked Nicholas where he was going and he pushed her into the bathroom. He reached around the door and locked it from the inside. Gypsy stated she never thought about unlocking the door to get out. When she heard her mother screaming she said she put her hands over her ears and got on the floor between the toilet and the bathtub. During the killing of her mother she describes the clothing she was wearing as being a white in color night gown with flowers. When her mother was being stabbed she heard her wake up moaning, and then a startled scream, and then screamed louder then she began yelling Gypys name. At this point Gypsy said she knew what Nicholas was doing to her mother. I asked her if she knew when she was put in the bathroom if she knew what Nicholas was going to do and she shook her head indicating she did. When Nicholas was stabbing Clauddinnea he was telling Clauddinnea she would not keep him and Gypsy apart from each other and she would be dead before that happened. Gypsy said she heard Nicholas saying this to her mother from the bathroom when he was stabbing her. She stated Nicholas had the knife in his hand when he opened the bathroom door and he did not want her to look at him. She cleaned him up and put a band aid on his finger. She admitted to posting on Facebook the comment, "that bitch is dead," and, "i fucken SLASHED THAT FAT PIG AND RAPED HER SWEET INNOCENT DAUGHTER...HER SCREAM WAS SOOOO FUCKEN LOUD LOL," She did this so someone would find her mother quicker and so her friends would know something was wrong and so she could give her mom a proper burial. She had done this from a computer at Nicholas's house but used her phone to type the messages. She said Nicholas knew about the posts and she claimed she asked him if she could post it. The phone she used to post the comments was in her back pack at Nicholas's house. Gypsy said she was raped by Nicholas after he murdered her mom. When I asked Gypsy if all the other sex between she and Nicholas was consensual she stated it was.

I observed Gypsy to be wearing a t-shirt with what appeared to be blood on the right shoulder, blue in color pants, black in color boots, and she had pink finger nail polish on both hands. I observed a round bruise on Gypsy's right arm which she claimed originally was a hickey and later claimed it was from Nicholas grabbing her and dragging her around the house. On both sides of her neck were some small bruises which she told me were hickies she got from Nicholas. She was made to clean up the drops

of blood at Nicholas's command and Nicholas made her do it while she was naked. He got a container of Bissell carpet odor and stain remover from the kitchen and grabbed Gypsy by the arm and made her clean up the drops of blood. The drops of blood went from her mom's bedroom, in the hallway, dining room, then into the kitchen. Nicholas wanted a drink of water so he told Gypsy he could not touch any of the cups so he wanted her to give him a drink of water. She cleaned up the blood with Scott brand paper towels. The paper towels were then thrown away in the trash can then the trash can was taken out to the curb.

Gypsy said her mother was killed sometime on the ninth but did not remember what day it was. She remembered it was the ninth because she was supposed to sneak out of the house and meet Nicholas outside on the above mentioned date. When I asked her about what Nicholas might tell me about her having any part or knowledge of the murder she stopped for a second and stated she did not know what he would say. She said he had a romantic notion they were going to do everything together. Again she stated she had nothing to do with or had knowledge about Nicholas wanting to kill her mother. Her mother was wearing a blue in color nightgown the night she was stabbed to death by Nicholas. Nicholas would not let her in her mom's bedroom when she was cleaning up the drops of blood. Nicholas had called Yellow Cab Company from his cell phone after he killed Claudine. His cell phone was a black in color phone but she did not know what brand it was. When the cab arrived at the house they went to the Days Inn.

They then went and ate at the Waffle House next to the Days Inn. Gypsy said she drank some milk and forgot she was allergic to milk. They left and went back to the hotel room where they went to sleep for about five hours. They stayed at the hotel until the eleventh then they got a cab to the Greyhound bus station on Kearney Street in Springfield, Missouri. When they could not get a bus ticket to ride the same bus they went back to the Days Inn and stayed another night. They went to Wal Mart to purchase a soda, condoms, and lip balm, from Wal Mart. Gypsy did not go into Wal Mart but waited outside with the luggage. Gypsy had the same clothing on during my interview as she did when she and Nicholas left Springfield. She claimed she was not wearing anything on her face; however the Greyhound bus video showed she was wearing sunglasses on her face. She then told me, "my thoughts of life between Nicholas and I are a lot different now." She never felt she was in any danger when she arrived in Wisconsin being with Nicholas. She described how Nicholas would do anything for her because he loved and cared for her so much. She said Nicholas had an evil side and he needed to get rid of it. She said they got on the Greyhound bus on the twelfth at seven in the morning. They traveled from Springfield to St. Louis, Missouri, to Chicago Illinois, then to Milwaukee, Wisconsin, where Nicholas's mother picked them up at the Greyhound bus station around two in the morning.

Gypsy denied bringing up the idea of killing her mom to Nicholas. She said Nicholas had an evil side to him and, "he did want to do it." "He wanted to get rid of my mom," she continued to say he wanted to kill her mom. When I told her she had left some things out of her story she slightly shakes her head and says, "I know," but continues to deny having anything to do with the killing of her mother. Gypsy stated Nicholas would have committed suicide if they did not kill her mom. I told Gypsy she was going to be booked in for murder along with Nicholas. I left the room and a short time later Gypsy stood up and shouted she wanted a lawyer.

Waukesha County Sheriff's Department crime scene

Report:

On June 16, 2015, while in Waukesha County, Wisconsin, I assisted Waukesha County Sheriff's Department in serving a search warrant at W228 S8755 Cherry Street in Big Bend, Wisconsin. This is the residence of Stephanie and Charles Goldammer, their seven year old son, Quinn Goldammer and their twenty six year old son, Nicholas Godejohn. This is also the residence Gypsy had been located at on June 15, 2015. The purpose of the search was to locate any and all evidence reference the travels to and from Springfield, Missouri, as well as evidence reference the homicide of Claudine Ann Blanchard.

Prior to the search, a briefing was conducted in which Greene County Sheriff's Office Detective Sergeant A. Maholy and I briefed Waukesha County Sheriff's Department Detectives on items which were of interest to us as a result of the processing of the crime scene in Springfield, Missouri, and interviews with Nicholas and Gypsy.

It was agreed, the Waukesha County Sheriff's Department acting under a search warrant issued in their county would collect all evidence, package evidence as collected and turn over all evidence to the Greene County Sheriff's Office at the completion of the investigation in Waukesha County.

The scene was processed and evidence was collected by several Waukesha County Detectives, see their reports (Case #W15043195) for details reference the processing of the residence, located at W228 S8755 Cherry Street, Big Bend, Wisconsin.

All evidence collected was secured by Waukesha County Sheriff's Department until June 17, 2015, at which time it was released to Sgt. Maholy and I for transport back to Springfield, Missouri. The evidence remained in the transport vehicle at all times and at no time was the evidence left unsecured.

The evidence was removed from the transport vehicle on June 17, 2015, and secured at the Greene County Sheriff's Office, once arriving in Springfield, Missouri.

Interview with Charles Goldammer

Report:

I made contact with Charles Goldammer, DOB: 10/04/1970, and advised him of the reason for me contacting him. He agreed to speak with me. This interview took place at the Waukesha County Sheriff's Department. The interview was video recorded and logged into evidence. Charles is the step father to Nicholas Godejohn. The following is not intended to be a transcript of the interview but a summation of the interview.

Charles stated Nicholas told him and his mother, Stephanie Goldammer, he was going to Missouri because he wanted to go get Gypsy and bring her back to Wisconsin, because Gypsy had been kicked out of her residence and was living in a homeless shelter. He denied Nicholas having any type of drug or alcohol abuse. Nicholas collected Social Security Benefits and he used to work for Little Ceaser's Pizza in Wisconsin. However he quit Little Ceaser's because he was not allowed to take a break every hour. Charles said Nicholas was on disability because he was Autistic and had Ausburgers. Nicholas was not close to anyone and he had no friends.

Nicholas had received some money from Gypsy through the mail. Charles did not know the exact amount of money he had received from her, but thought it was around a few hundred dollars. He knew this because he observed the cash Nicholas had on him. On June 9, 2015, Nicholas had called a taxi cab to pick him up at his residence in Wisconsin and took him to the Greyhound bus station. Nicholas called and told Charles he was in Springfield, Missouri, this was on June 9, 2015, he could not remember the exact time but he knew it was late at night.

The first time Charles said he talked to Gypsy was when she had come downstairs to make some macaroni and cheese. The conversation was very short and they talked about how she had made the macaroni wrong. Gypsy and Charles had talked about how her mom had cooked macaroni and this is where she learned how to cook it. It was a very short conversation between the two of them. Charles said he was freaked out by Gypsy because she was wearing a black wig with some red tint in it. Charles told me Gypsy had no problems walking up and down the stairs in his house and she never needed assistance or help in doing anything. They were constantly having sex and Charles had to tell them to be quiet.

He remembered receiving a package in the mail; the mail is delivered to their residence, with Nicholas's name on it. The package had arrived on Saturday, June 13, 2015. The package was put on the kitchen table and he told Nicholas he had a package addressed to him. Charles said he could not remember much about the package but it was in an envelope of some kind. Gypsy quickly told Charles she would take it and she took it upstairs. He said he never looked in the package and he had no idea what was in the package. Charles said Nicholas plays a lot of video games and keeps to himself.

Phone Interview with Megan Pack

Report:

I was contacted by Megan Pack, via phone call, about some Facebook information which she thought might be important involving Gypsy. Pack stated she was a staff writer for a magazine called Creepy Catalog, which was based out of St. Louis, Missouri. Pack stated she had anonymous sources sending her articles and comments about Gypsy from Facebook. The Facebook picture depicted Gypsy wearing a red and black outfit holding a knife to her mouth. This information was already obtained by Greene County Sheriff's Office Criminal Investigations Division via search warrants from Facebook. Pack stated she would send me updates but had nothing further to add at the time of this report.

Wal Mart video

Report:

I made contact with Mike Hatzenbuehler, DOB: 06/23/1980, who was the assets protection manager for the Wal Mart store located at 2825 N. Kansas Expressway, Springfield, Missouri. I made contact with Mike and advised him of the reason for me contacting him. I verified with Mike the Wal Mart store did sell Kevin Van Dam (KVD) knives. I requested video from Mike from the fishing isle, which is where the KVD knives were located at for sale. Mike stated because of the large amount of video I had requested, it would take some time to copy the video and he would notify me when it was completed. Mike stated he did have some sales of the KVD knife, however after reviewing the video's from the stores which sold the KVD knife, it was evident it was not Gypsy or Nicholas on the video's. The videos were dated May 29, 2015, @ 1553 hours, and the other video was dated June 1, 2015, unknown time frame on this one.

On July 9, 2015, I received notification from Mike about the video's being ready. I obtained the videos and began to review them to try and locate Gypsy or Nicholas purchasing a KVD knife, which was the same brand of knife used to kill Claudine. I was unable to determine the date and time because the video did not display this information. I did not observe anyone whom I could identify as Gypsy or Nicholas in the videos. Mike signed a business record affidavit. The business record affidavit was put with the case.

Wal Mart .com orders of the KVD knife

Report:

I received an e-mail from walmart.com investigator Ricardo D. In reference to his findings about the sales of the KVD knife. I reviewed the e-mail and did not observe any KVD knife being shipped or ordered by Gypsy or under any of her aliases, nor was there any record of Nicholas ordering the knife. There were no addresses showing a KVD knife being sent to Missouri. There was one KVD knife sold to a Beth Revello at 956 Woodside Avenue, Ripon, WI. I made phone contact (920-748-3215) with Beth who stated she purchased the knife from walmart.com through the internet. She stated she did not know Gypsy or Nicholas, nor was she associated with them. The e-mail was scanned into NICHE.

Waukesha County jail phone calls Gypsy

Report:

I received a DVD of Gypsy Blanchard's phone conversation from Waukesha County Sheriff's Department, Waukesha, Wisconsin, while she was incarcerated in their facility. The DVD was logged into evidence.

I reviewed the conversations Gypsy had with her family. When Gypsy would speak to her family she would call them by their relative relationship, such as aunt, uncle, ect. She told her family she could not talk about what had happened, per her attorney. I heard Gypsy call the female she was talking to, "Aunt Celeste." (Phone number 225-715-4411) Gypsy spoke of how she was innocent and she got messed up with someone very awful. Gypsy told, "Aunt Celeste," she wanted to live with her family in Louisiana when she gets released. This call was placed on June 21, 2015.

Gypsy placed a phone call to phone number 985-258-4644, on June 22, 2015. Gypsy was talking to a female she called, "Christy." She told Christy she could not talk about what happened. Gypsy told Christy to tell her dad she was innocent and she wanted to know if her dad still loved her. Gypsy told Christy the things which had been said on the news media were not true. Gypsy asked Christy if she got out of jail, could she come and live with her.

Gypsy placed a phone call to phone number 985-258-4644, on June 23, 2015. Gypsy started talking to Christy and then a male got on the phone who she called, "daddy." During the investigation it was discovered Rod Blanchard was Gypsy's biological dad. Gypsy and her dad talked about what jail was like, and if Gypsy knew when she was going to be extradited to Springfield, Missouri. Gypsy's dad told her he cared and loved her but he was confused and he had a lot of questions. Gypsy would not talk about the case with her dad. Gypsy talked about how she wanted to build a relationship with her dad and she told him she wanted him to know she was innocent.

A phone call was placed to phone number 414-881-4602, on June 24, 2015. When the call was reviewed the female's voice did not sound like Gypsy's voice. It was the voice of an unknown female who was talking to an unknown male about trying to get bailed out of the Waukesha County Sheriff's Office Jail.

There was nothing else of evidentiary value on the DVD pertaining to the homicide.

Search warrant DNA from Gypsy Blanchard

Report:

On July 7, 2015, I applied for a search warrant for a DNA (saliva/blood) sample from Gypsy Blanchard. The search warrant was granted and signed by the Honorable Greene County Judge Jones. I made contact with Gypsy Blanchard at the Greene County Jail and advised her of the reason for me contacting her. I presented Gypsy with a copy of the Greene County Search Warrant and told her we would be collecting a sample of her saliva and blood under the authority of the search warrant.

I collected a sample of her saliva from her left cheek first. I introduced the swab into her mouth and began scraping the left side of the inside of her cheek. I counted to sixty seconds, removed the swab and put it on the outside of the cardboard swab container to dry. I removed the gloves and placed them into a bag to be logged into evidence. I repeated the same process with fresh gloves on my hand to the inside of her right cheek. All the trash was placed into the bag and logged into evidence. The swabs after they were dried were also logged into evidence.

Nurse T. LeAn LPN with the Greene County Justice Center Correctional Facility collected three vials of blood from Gypsy. All three vials were handed over to me and they were logged into evidence. The search warrant return was returned on July 7, 2015.

Photograph of the KVD knife per the request of the PA

Report:

I responded to the Missouri State Highway Patrol Crime Laboratory to retrieve the KVD brand knife used in the murder of Claudinnea Blanchard, to take photographs. I collected the knife from the Missouri State Highway Patrol Laboratory and returned to the Greene County Sheriff's Office evidence processing room.

I put down fresh butcher block paper before I started to open the box. I put gloves on and opened up the box to retrieve the knife. Once the knife was free from the box I removed the black in color sheath and began taking photographs of the KVD knife without the sheath. After I took my photographs I then repackaged the knife and returned it to the Missouri State Highway Patrol Laboratory. I logged the gloves, zip tie, and the butcher block paper into evidence as crime scene trash.

Hand written statement from Gypsy from the jail about marijuana found

Report:

On July 14, 2015, I was contacted by Lieutenant Marty Mahy about a witness statement Gypsy Blanchard filled out while she was housed in tower two at the Greene County Justice Center. Lt. Mahy stated he wanted to give me a copy of the statement. I collected a copy of the statement from Lt. Mahy and it was put with the case.

I read the statement Gypsy wrote to Greene County Sheriff's Office Corrections Officer M. Adkins. The statement said Gypsy observed inmate Amanda Flores using the toilet when she heard what sounded like a plastic bag crunching. She observed Flores put the bag in her vagina. When Gypsy asked Flores what was in the bag, Flores did not tell her and Gypsy observed Flores trade another inmate (Gypsy did not know the name of the other inmate she traded commissary with) what she observed to be marijuana for some commissary. The next day Gypsy told a corrections officer about what she had observed.

Letter from Gypsy to Rachel and Ray Miller

Report:

On August 3, 2015, I was contacted by Greene County Sheriff's Office Corrections Officer Dwight Willis about a letter he had received from Gypsy to be mailed to a Rachel and Ray Miller. Corrections Officer Willis stated he was advised by Greene County Prosecuting Attorney Dan Patterson to have the letter turned over to me and logged into evidence.

I obtained the letter from Corrections Officer Willis and signed a chain of custody form. I reviewed the letter and then logged the letter into evidence. The letter was dated, July 28, 2015, and contained information about how Gypsy was overwhelmed when she found out Rachel and Ray tried to write her a letter. She talked about how Nicholas was her ex boyfriend and how the media is making her out to be a monster when, "my part was small in this," yet she felt as though she was taking a lot of the blame for the murder. She stated in the letter, "yes im in trouble im a part of this horrible tragic act." Gypsy talked about how her life with her mother was not what everyone thought it was. She talked about how she was not sick and she was very healthy. She claimed to not remember what had happened because of the medication she was on. She talked about the relationship she was building with her biological father and about how she would be able to stay with him when she got out of jail. The letter did not contain anything else pertinent to the homicide case.

Interview with Amanda Flores

Report:

I received an inmate to staff request from inmate Amanda Flores, DOB: 02/14/1986, who was incarcerated in the Greene County Justice Center on unrelated charges. Flores stated she had information about the homicide Gypsy was involved in. I made contact with Flores and escorted her to an interview room. The interview was video recorded and logged into evidence. The following is not intended to be a transcript but a summation of the interview.

Flores said she wanted, "immunity," for telling me what she heard Gypsy say when she was housed in the same cell with her. I told Flores I could not help her out with her case and I could not promise her anything. Flores said she was not a snitch but she knows a lot about Gypsy's case. Flores said Gypsy was, "creepy smart," and she does not want to see Gypsy get away with, "it," referring to the murder. Flores continued to tell me she did not want to give up information without being helped in some way. Flores stated before Gypsy came to jail she supported Gypsy. Flores asked Gypsy if she had, "sought Nicholas out," referring to Gypsy seeking Nicholas out to kill her mom. Gypsy told Flores, "I probably did."

Flores began to tell me some things Gypsy had told her about the murder. She mentioned how Nicholas had a cut on his finger from stabbing Claudinne. Flores told me Gypsy told her she cleaned up the blood from the, "bed," to the, "bathroom," using, "carpet cleaner and wipes." During my interview with Gypsy she told me several times she did not go into her mothers room after she was dead. Gypsy told Flores she cleaned up, "pretty good." Flores said Gypsy would talk about missing her, "stuffed animal," but Flores could not remember what kind of stuffed animal it was. Gypsy tried to use one of Flores's friends to pass a note to Nicholas and Flores said she got upset with Gypsy and told her she was not going to use her friends to pass notes. Flores admitted to me Gypsy had told on her for having a misdemeanor amount of marijuana, but Flores said this was not the reason she was talking to me.

Flores gave me two other inmates' names, Markayla Lutz, DOB: 01/11/1984, and Mariah Rodriguez, DOB: 06/30/1988, who she said wanted to talk to me. Flores said Gypsy's attorney went to Louisiana to visit Gypsy's family. Flores mentioned how Gypsy had told her on more than one occasion, while they were housed in the same cell together, that, "I am going to get away with this," referring to the murder. Gypsy told Flores what Nicholas was saying when he stabbed Claudinne. Flores said Gypsy told her Nicholas was saying, "You are going to be dead before this happens," while he was tabbing Claudinne. Flores said Gypsy started talking in the cell one night to her, Lutz, and Rodriguez, about how she put the knife in Nicholas's hand and told him to go kill her mother. Flores told me Gypsy told her she turned the air conditioner down to forty degrees to preserve her moms body and she cleaned up the blood including blood in the bedroom. Flores said Gypsy told her she went into Claudinne's bedroom after she was dead and took five thousand dollars out of a drawer from a table beside her mom's bed. Flores said the money was in a zipper type bag.

Interview of Mariah Rodriguez

Report:

I received an inmate to staff request from inmate Amanda Flores, DOB: 02/14/1986, who was incarcerated in the Greene County Justice Center on unrelated charges. Flores stated she had information about the homicide Gypsy was involved in, see supplemental report on Flores for the information she had given to me during an interview. Flores gave me two other names of inmates, Mariah Rodriguez, DOB: 06/30/1988, and Markayla Lutz, DOB: 01/11/1984, who wanted to talk to me. See supplemental report on Lutz for the information she had given to me during an interview.

I made contact with inmate Rodriguez, who was incarcerated in the Greene County Justice Center on unrelated charges. I advised Rodriguez of the reason for me contacting her. She stated the only thing she knew about Gypsy was she had written a letter to a Rachel and Ray about how her part in the murder was small. Rodriguez did not want to talk any further. I returned Rodriguez to the jail staff. The interview was video recorded and logged into evidence.

Interview with Markayla Lutz

Report:

I made contact with Markayla Lutz DOB: 01/11/1984, who was incarcerated at the Greene County Justice Center, on unrelated charges to Gypsy's case. Lutz told me Gypsy talked about her case when they were housed together on tower two in the Greene County Jail. The following was video recorded and the DVD was logged into evidence. The following is a summation of the interview and is not intended to be a transcript of the interview.

Lutz said Gypsy told her about how she set the thermostat to forty degrees to preserve Claudinnie's body to keep the smell down because she knew she was going to be leaving the state. Lutz talked about how Nicholas had cut his finger during the stabbing and how Gypsy was hiding in the bathroom while he was committing the murder. She talked about how Gypsy had cleaned up the blood from her mother's bedroom to the bathroom with, "carpet cleaner and wipes." Lutz went on to talk about how Nicholas was going to rape Claudinnie or Gypsy. She talked about how Nicholas was into incest. Lutz said Gypsy told her she was raped vaginally and anally by Nicholas after the murder. Lutz said Gypsy was not innocent and she was a sick person. Lutz said Gypsy had gone into her mother's bedroom after she was murdered and cleaned up blood from her mom's bed to the bathroom.

Lutz was told when Nicholas had come into the house, Gypsy and Nicholas had kissed and Claudinnie was already asleep. Nicholas went over to a chair where there was a box of, "spring cleaning items," and picked up a knife. Lutz did not have a description of the knife. The knife was by the box of cleaning supplies and Nicholas picked up the knife and then, "took off." Lutz said they mailed the knife to another state, but she could not remember what state it was they mailed it to, but knew it was where Nicholas had lived. Gypsy took five thousand dollars from a night stand in Claudinnie's bedroom. Lutz said there was ten thousand dollars in the night stand originally; however Claudinnie had put some money down for a new vehicle. It should be noted a contract between Claudinnie and Central Bank of the Ozarks was located for the purchase of a 2011 Nissan Cube on April 9, 2015. The contract indicated five thousand dollars in cash was put down toward the purchase of the Nissan Cube.

Gypsy told Lutz after the murder she and Nicholas called a cab to pick them up and they went to North Glenstone somewhere to a hotel. They rented a room for the night and the next day they went to the Greyhound bus station, in Springfield, Missouri, to leave the state but they could not get a ticket for the both of them so they went back to the hotel and stayed another night.

Gypsy told several of the female inmates on tower two about how Lutz was, "strong arming her for phone time." Lutz said she never used Gypsy's phone time and denied the allegations. Gypsy told Lutz if she and Nicholas would have had a baby girl together; Nicholas wanted to have sex with the daughter because he was into incest. Gypsy had cried about Nicholas but she never cried about her mother's death. Lutz said inmate Amanda Flores had told her Gypsy talked about how she planned different ways

to kill her mother. Some of the ways she planned to kill her mother was by strangling, rape, poisoning, and stabbing. Lutz said Gypsy told her she had paid for everything; the bus ticket, the hotel room for both nights, and the cab fees.

Lutz filled out a statement and the statement was put with the case. Lutz had nothing further to add about the homicide.

My Statement regarding this investigation is as follows:

I was in cell #015 with Gypsy, during this time she told me several things about the murder scene of her mother. Gypsy said Nick had cut his hand and he came into the bathroom where she was hiding, ~~and~~ he made her clean up his hand and then go to her mothers bedroom and clean up a blood trail to the bathroom with baby wipes & carpet cleaner. She also made comment of setting the AC to 40° to preserve the body, she knew she was leaving state & didn't want someone to smell the dead body. Nick wanted to rape the dead mom, but Gypsy took the rape vaginally & anal instead of the num. Nick left behind a hoodie. They mailed the knife to his place in the other state. They took approx. \$5000 called a cab, went to a motel on N. Glenstone, couldn't get her a greyhound ticket to leave same time as him, so they stayed another night at the motel to be able to take the same bus.

Statements were made from Nicholas about researching ways to kill someone.

Greene County Judge Dan Imhoff signed the search warrant. The thumb drives and a copy of the search warrant were given to Springfield Police Department Computer Forensic Investigator Michael Costello to be analyzed on August 20, 2015.

Interview with Nicholas Godejohn on June 16th, 2015

Report:

On June 15th, 2015, while assisting with the homicide investigation reference the death of Clauddinnea Ann Blanchard, I was assigned to respond to Waukesha County, Wisconsin, to locate and interview Nicholas P. Godejohn, DOB: 05-20-1989.

On June 16th, 2015, at 0011 hours, I made contact with Nicholas P. Godejohn in an interview room within the Waukesha County Sheriff's Department. Nicholas was advised of his Miranda Warning, to which he acknowledged he understood by both initialing and signing the Greene County Miranda Form. The following is a summation of my recorded (audio/video) interview with Nicholas Godejohn, it is not intended as a transcript or exact text of the recorded interview.

Nicholas identified himself as Nicholas Paul Godejohn. Nicholas said he is 26 years old and he graduated from Nathan Hale High School in West Allis, Wisconsin. Nicholas said he has only lived in Big Bend for a few months and that he lived in Waukesha, Wisconsin, prior to moving to Big Bend, Wisconsin. Nicholas said he does not have any children.

Nicholas said he and Gypsy Blanchard first met via the internet dating site, Christiandatingforfree.com. Nicholas said he met a couple people prior to meeting Gypsy on the dating site. Nicholas said the name Gypsy used on the dating site was Gypse Rose and he used Nicholas Godejohn. Nicholas said four days after meeting Gypsy on the dating site, he and Gypsy decided to start a "committed relationship." Nicholas said, "The way that we clicked, it made it seem like, uh, we somehow just knew we were right for each other."

Nicholas said he and Gypsy tried communicating on the internet site, Meetchme.com. However, the site was very difficult to use so they didn't use the site long. Nicholas said they did communicate via the social networking site, Facebook. Nicholas said he used his name, Nicholas Godejohn. Nicholas said there were a lot of Facebook accounts that have been deleted, but the ones he most recently remembered communicating with Gypsy on were named Emma Rose, Gypsy Rose and Nicholas Bella Rose. Nicholas said Emma Rose and Gypsy Rose have been deleted, however he suspected the Nicholas Bella Rose was still active.

Before providing the name on the Facebook account that Gypsy used to communicate with him, Nicholas began telling me about his June 2015, trip to Springfield, Missouri, to get Gypsy after she was kicked out of her mother's home. Nicholas explained he got on a Greyhound bus, rode to Springfield, Missouri, and walked to a Days Inn Hotel. Nicholas could not recall what kind of clothing he had been wearing when he got off the bus and walked to the hotel in Springfield, Missouri. However, he thought it could have been "athletic clothing." Nicholas explained he had luggage with him when he got off the bus. Nicholas described the luggage as being a red and black Marlboro cigarette duffel bag. Nicholas

said he had brought three changes of clothing with him when he traveled to Springfield, Missouri.

Nicholas explained Gypsy had been kicked out of her mother's home and he was worried sick about her, because she was wandering the streets. Nicholas said he sent Gypsy a text message and he believed she must have found a free wifi area, because Gypsy was able to text him back. Nicholas said he had used his cell phone to text Gypsy. Nicholas said his cell phone number is 262-501-9008. Nicholas said Gypsy communicated with him via "Yahoo ID." Nicholas said it is a messenger service through Yahoo, but he did not have details about the service.

Nicholas said on June 10th, 2015, he was able to get Gypsy to meet him. Nicholas explained he told Gypsy the name of the hotel he was staying at and the name of the road the hotel was on. Nicholas said he did not receive any texts from Gypsy for awhile, and then as he was walking out of his hotel room to get a soda, he ran into Gypsy. Nicholas said Gypsy had her luggage with her when she arrived at his hotel room, so he took her luggage into his hotel room and they walked to get a soda. Nicholas said he got the soda from a vending machine located outside the hotel. Nicholas said after returning to the room from getting a soda, he and Gypsy stayed in the hotel room. Nicholas explained he was in room 227 from the time he arrived in Springfield, Missouri, until June 11th, 2015, at which time he was moved to room 226. He said he checked out on June 11th, 2015, thinking they would be traveling back to Wisconsin.

Nicholas explained further, saying his return bus ticket was for June 11th, 2015. He said Gypsy was moving in with him, so he had to get a bus ticket for her as well. Nicholas explained the bus was full for the June 11th, 2015, trip, so while at the bus station on June 11th, 2015, he changed his return ticket to June 12th, 2015, and purchased a ticket for Gypsy. He said after changing the bus ticket and purchasing a bus ticket for Gypsy, they returned to the hotel to stay overnight and rest. Nicholas said he ordered food from Domino's Pizza and Papa John's Pizza. Nicholas said both orders were delivered to his room with one being on June 10th and the other being on June 11th, 2015. Nicholas denied he and Gypsy went out anywhere to eat. Nicholas said he and Gypsy went back to the bus station on June 12th, 2015, to travel back to Wisconsin. Nicholas said once he and Gypsy arrived in Milwaukee, Wisconsin, his mother picked him and Gypsy up from the bus station and drove them to Big Bend, Wisconsin. Nicholas said this was the first time his mother had ever met Gypsy.

After listening to Nicholas tell his initial story about meeting Gypsy, traveling to Springfield, Gypsy being kicked out of her home, and their travels back to Wisconsin, I explained to him that I knew he had not told the whole truth about the events surrounding his visit to Springfield, Missouri. I explained to Nicholas that Gypsy had told a different story than he had and I encouraged Nicholas to be honest. Nicholas said "Well the truth is I worship her, so there's no way, there's no way I wouldn't do the honorable thing for her."

I asked Nicholas if Gypsy knew he was going to kill her mother. Nicholas responded. "Umm, honestly she asked me to." "Because she felt it was her only way to be with me." Nicholas went on to explain that Gypsy had asked him more than once to kill Dee. Nicholas said they discussed him killing Dee on Facebook and during text messages. Nicholas said "The truth is, okay I'll admit it, I did actually stab her mom, I will admit it, the only reason I did it was, I did it for me and her, that's the real reason I did it. I would have never did it if it was not for me and her." Nicholas said, "I truly do worship her to the point there is nothing I would not do for her." Nicholas said if Gypsy had not asked him to kill Dee, he never would have killed her.

Nicholas said he does not know Gypsy's mom's real name, he only knew she was called Dee. Nicholas

said Gypsy loves her mother. Nicholas said Gypsy felt guilty about the "whole situation, I had to make sure she was safe, meaning like I had to make sure she felt like she could be comforted by me."

Nicholas said Gypsy wanted to kill her mother herself, but she could not kill her mother herself, because she was too "skittish." Nicholas said Gypsy could not do it herself, because she could not live with herself. Nicholas said "Honestly to this day, I still feel guilty about it, I do, I do, because I didn't, I, I learned so much about her mom after she told me more and more about it, after actually being able to live with her for a little while, I actually realized how good of a mom she was." Nicholas clarified that Gypsy was telling him about Dee and all of her accomplishments, and it was those things that made him feel guilty for what he had done to Dee.

I asked Nicholas if the trip to Springfield on June 10th, 2015, was for the purpose of killing Dee. Nicholas stated it was "because I wanted to be with her, and I wanted..." I asked Nicholas if Gypsy knew he was coming to kill Dee. Nicholas stated "yes." I asked Nicholas why they had decided to stab Dee, instead of poisoning her, shooting her, or beating her with a bat. Nicholas explained neither he nor Gypsy would have known how to poison Dee. Nicholas said Gypsy looked up "multiple times," of how to "do it," because she wanted to find the quickest way. Nicholas said Gypsy wanted Dee to be in the least pain and for her death to be quick. Nicholas said "The reason we chose the knife is because I guess she thought that it would be quicker if she bled out quickly." "More holes, the faster they go away and the faster they are at peace." Nicholas confirmed this is what he thought Gypsy was thinking when she mentioned the stabbing, he clarified Gypsy never said those exact words to him.

Nicholas also clarified, on the day that he killed Dee, he arrived at Dee's home via a yellow taxi cab. Nicholas said the taxi picked him up from his hotel room and dropped him off at Dee and Gypsy's home, located at 2103 W. Volunteer Way, Springfield, Missouri.

Nicholas said when he arrived at Dee and Gypsy's home, Gypsy was the one who let him inside the home. I asked Nicholas where he had got the knife to stab Dee. Nicholas said Gypsy had bought the knife for him and she had it waiting for him when he arrived in Springfield, Missouri. Nicholas explained Gypsy had bought the knife on-line. Nicholas later changed his story and stated Gypsy had found a way to purchase the knife from a Wal-Mart. Nicholas described the knife as having a red and black handle. Nicholas described the handle of the knife as being "squishy." He said one side of the knife was smooth and the other was jagged. Nicholas said he could hold the knife with one hand.

Nicholas said in regards to the knife he had used to stab Dee, he and Gypsy mailed the knife from Springfield, Missouri, to his address in Big Bend, Wisconsin. Nicholas said a taxi had taken him and Gypsy to a post office to mail the package. He said they had asked the taxi driver to take them to the closest post office from their hotel room. Nicholas said the knife did arrive at his home in Big Bend, Wisconsin. Nicholas said his step-dad was the one who got the package with the knife from the mailbox. Nicholas said his step-dad gave the package to Gypsy and Gypsy brought it to him. Nicholas said his step-dad had no idea it was a knife in the package. He said the knife, was currently hidden in the "deep right corner," of his closet within his bedroom. Nicholas said the knife was still in the package it had been mailed in and the package was unopened. Nicholas explained Gypsy "had that all set up." Nicholas explained Gypsy had the material to mail the knife and had written the address on the envelope the knife was mailed in. He said the knife was packaged in "bubble wrap," and a brown envelope. He said "she put it in two of them." Nicholas said it was both of their idea to mail the knife, because they planned to over time get rid of the knife permanently.

Nicholas said when he was stabbing Dee, Dee was lying on her stomach, in her bed, within her bedroom. Nicholas said Dee was wearing a nightgown, no panties and was barely covered with blankets,

Restricted

"so easy access to her body."

I asked Nicholas where the first place was that he stabbed Dee. Nicholas said that he stabbed her in a random spot in her back. I asked Nicholas how many times he stabbed Dee and he responded "four," while holding up four fingers on his left hand. Nicholas said "The fourth one, I, I felt it go into, I think might have gone into her lungs, because it was harder to get out." Nicholas explained he had to yank the knife out, using one hand. Nicholas explained as far as stabbing, he only stabbed Dee four times, but he stated he did cut her. Nicholas explained he cut Dee on the back of her neck. Nicholas said he did see blood on Dee's neck after he cut her.

I asked Nicholas if Dee said anything when she was being stabbed. Nicholas said, "First she said help, then she didn't know, she didn't recognize who I was, she said who you are." "Then she called out for Gypsy, but Gypsy didn't do anything." Nicholas said Dee yelled for Gypsy three times. Nicholas explained Dee "pretty much yelled it," then he used his own voice to mimic what he heard Dee yelling. I asked Nicholas what he did when Dee was yelling, and he responded, "It didn't stop me from keep on going."

I asked Nicholas if he could have stabbed Dee more than four times. Nicholas first stated that he was not aware of stabbing Dee more than four times, but later stated it was possible. Nicholas said he counted the ones that went in deep, but he did not count other ones. Nicholas said he cannot remember everywhere he stabbed Dee, because he thought "it is a blockage because of the guilt." Nicholas denied Gypsy ever stabbed Dee. He explained, "She couldn't do it, that's the reason she asked me to."

I asked Nicholas where Gypsy was when he was stabbing Dee. Nicholas said Gypsy was hiding in the bathroom. Nicholas explained Gypsy was hiding, because she did not know if Dee would actually end up killing him. Nicholas went on to explain that "She didn't believe I could actually do it, that's what I think it was." "She didn't think I was capable of it." I asked Nicholas whose decision was it that Gypsy would hide in the bathroom while he was stabbing Dee. Nicholas said it was Gypsy's decision to hide in the bathroom. Nicholas said Gypsy went into the bathroom and locked the bathroom door. Nicholas said he did not ever allow Gypsy to see Dee after he had killed her, because he did not want Gypsy to be traumatized.

Nicholas said while he had spoke to Gypsy about raping Dee, he did not rape her and he did not touch her body, dead or alive in any sexual manner. Nicholas thought that it was disturbing for people to have sex with dead people.

Nicholas said after he was done stabbing Dee, he went to the bathroom door, where Gypsy was hiding. He said they had set up a code prior to Gypsy locking herself in the bathroom, so Gypsy would know it was him and not Dee at the bathroom door. Nicholas went on to explain the code he and Gypsy had come up with was that he was to knock three times and scratch two times on the bathroom door, which would signal to Gypsy that it was him outside the bathroom door. Nicholas said they had discussed several ideas, but the three knocks and two scratches was the one they stuck with.

Nicholas explained Gypsy did not open the door right away after he had killed Dee and given the signal for her to open the door, instead, she wanted to shave her "private part and her legs." Nicholas explained usually Dee would not let Gypsy shave her legs. I asked Nicholas if he made Gypsy shave her legs and vagina. Nicholas said "I think it was a combination of both of us, I mean I wanted her to, I'll be honest, I did want her to, but I think she wanted to do it also, because she wanted to make sure that she pleased me, made me happy." Nicholas said after Gypsy shaved her private parts and her legs, they started cleaning up around the house. Nicholas said Gypsy was completely naked while she cleaned up the blood. Nicholas explained they were cleaning up "anything that has memories of her." Nicholas said,

Restricted

"She took some pictures away, and she actually threw them in the trash. She tried to get rid of things that would give you guys the idea that she really lived there." Nicholas said they did clean up blood, stating, "I believe it must have been mine, because I actually stabbed myself in the process." Nicholas showed me his right index finger, which had a small bandage on it. Nicholas also pointed out an area on his left forearm, which was bandaged. Nicholas said it had been injured during the killing of Dee, however the injury had been injured again, when he was taken into custody by Waukesha County Law Enforcement.

Nicholas continued talking about the clean up that occurred at Dee's home. Nicholas said for awhile, he and Gypsy cleaned together, but then, because Gypsy wanted to get the clean up down faster, she started cleaning by herself. Nicholas said Gypsy used a cleaner/odor remover. He said the bottle Gypsy used to clean up the blood was "reddish" in color. Nicholas said there was liquid in the "reddish" bottle and Gypsy poured the liquid on the blood. Nicholas said Gypsy then used a paper towel and/or wipes to clean the blood. Having been told the crime scene contained spray bottles with a blue in color liquid in them, I asked Nicholas about the spray bottles that had been located inside of Dee's residence. Nicholas could not recall seeing the spray bottles.

Nicholas said after Gypsy cleaned up the blood, she wanted to have sex with him. Nicholas explained he and Gypsy had vaginal, anal, and oral sex on Gypsy's bed within her bedroom. Nicholas described Gypsy's bed as being full of stuffed animals. He said they moved the stuffed animals off the bed and after they had sex, they put the stuffed animals back on the bed. Nicholas said the sex between he and Gypsy was consensual. Nicholas explained, "Obviously I was the one in charge, but she went along with it willingly." I asked Nicholas if Dee was making any noise or if she was dead when he and Gypsy were having sex. Nicholas responded, "She was probably long gone by then." Nicholas said he did not ejaculate during his sex with Gypsy nor at any other time while inside the Blanchard home. Nicholas said he felt he may have had too much "stamina or endurance, or something like that, because it takes a lot to even get me close." Nicholas said the sex with Gypsy concluded when she had an orgasm and she performed oral sex on him.

Nicholas said after having sex, they realized there was a lot of packing and stuff that needed to get done. He said they began packing Gypsy's clothing, movies, and "whatever she thought of we would need pretty much." Nicholas said some of the movies they packed were Game of Thrones and True Blood. Nicholas said the stuff they gathered during packing was placed in Gypsy's pink suitcase and a black backpack, which Nicholas described as being black with writing on it.

Nicholas said after they packed everything they wished to take from the home, Gypsy began cleaning things in an attempt to get rid of all of his fingerprints. Nicholas explained, Gypsy used a disinfectant wipe and "patted down" all the areas that he may have touched. Nicholas said Gypsy did this because she did not want him to get caught. Nicholas said he did not help Gypsy clean, because they did not want to take a chance of him getting fingerprints anywhere else in the home. I asked Nicholas if the Blanchard home was neat and orderly. Nicholas said, "No, it's not neat at all, this was my first time ever in their house and I can't believe how much a pig sty it was." Nicholas went on to explain that one room of the house had so much stuff in it that it was hard to even get into the room. Nicholas said in Dee's bedroom there was stuff stacked on the floor along the edge of the bed. Having been advised a purple Barney doll had been located in bed next to Dee, I asked Nicholas if he ever recalled seeing a purple Barney doll. Nicholas initially said he did, and that it was in Gypsy's room. However, after giving it some thought, he could not recall where he had seen it at in the home, and then even later he stated he had not seen the doll.

Nicholas said after packing and cleaning, he used his cell phone to call a taxi. Nicholas said a yellow in color taxi came to the Blanchard home to pick him and Gypsy up. Nicholas could not recall the exact date the taxi came, but explained the sun was coming up when the taxi picked them up. Nicholas said

the taxi took him and Gypsy back to his hotel, which, as he stated earlier in the interview, was the Days Inn, in Springfield, Missouri. Nicholas said his room number was 227. Nicholas said after arriving at the hotel room, they "relaxed and cuddled on the bed." Nicholas said they talked about their future and about having a family together. Nicholas said "We thought we really had a chance to do it, we were really happy about that." Nicholas stated the "cuddling" led to him and Gypsy again having sex. Nicholas said he did not ejaculate during this sexual contact and he "had trouble the entire time I was in Springfield."

I asked Nicholas if he had got blood on the clothing he was wearing at the time he killed Dee. He said he had and that he did not clean his clothing. Nicholas said he was wearing a black "skin jacket," black shirt, black pants and white tennis shoes. The black shirt had "crazy clowns" on it. Nicholas said the clothing and shoes he wore when he killed Dee were at his home in Big Bend, Wisconsin, within his bedroom. Nicholas said his bedroom is located in the upstairs portion of his home, adding the walls of the room are purple. Nicholas said the clothing was still contained inside the red and black Marlboro duffle bag and the clothing had not been washed.

Nicholas said when he and Gypsy had sex in her bedroom, it was not the first time he and Gypsy had sex. Nicholas explained when he visited Gypsy in Springfield, Missouri, in March of 2015, he and Gypsy had sex in a bathroom within a movie theater. Nicholas said Gypsy was wearing a blue Cinderella dress and a blonde wig when he had sex with her in the bathroom of the theater. Nicholas said he took Gypsy's virginity when he had sex with her in the men's bathroom. Nicholas explained, March 2015, was also the first time he had ever met Dee. Nicholas said Dee was very nice to him; however the night got "ruined in some way." Nicholas said after he and Gypsy had sex in the bathroom, they watched the movie and he said his goodbyes to Gypsy.

Nicholas said Gypsy was in a wheelchair when he met with her in March 2015. Nicholas said Gypsy only had to be in a wheelchair "at home." He said only he and 5 other people knew Gypsy could walk. Nicholas explained further, stating Dee wanted everyone to think Gypsy was sixteen and disabled. He said "Yeah, she felt kinda trapped, on a wheelchair, when she, when I was actually trying to encourage her to be able walk more and more." Nicholas described the wheelchair as being motorized. Nicholas said Gypsy has no problem walking and can walk up and down stairs, all without any assistance.

Nicholas explained when he first came to Springfield, Missouri, in March 2015, and then the second time in June, 2015, Gypsy paid for his travels to and from Springfield, Missouri. Nicholas said Gypsy sent him cash in the mail for both trips. Nicholas said each time; Gypsy sent him \$400.00 dollars.

Nicholas said in reference to killing Dee, he had a weird feeling he was going to get caught. Nicholas said he was not sure when it was going to happen, but he had a weird feeling in his stomach that he would. Nicholas said he and Gypsy have cried multiple times over what happened. Nicholas said "I told her this will haunt me the rest of my life, because that's the truth it will."

While clarifying questions, Nicholas said when he arrived at Gypsy's home on the night he stabbed Dee, Gypsy met him at the front door. Nicholas said Gypsy was wearing a long, dark brunette wig. He said she already had the knife and a pair of blue/green gloves for him to put on. Nicholas said Gypsy had not been wearing gloves at the time she was handling the knife

Nicholas said he and Gypsy had gone to a Waffle House restaurant to eat while they were in Springfield, Missouri. He said the Waffle House was located "right next" to the Days Inn hotel he and Gypsy had been staying at. Nicholas said while he cannot recall the exact day, he did recall it was around 8:00 a.m. Nicholas said he was able to remember the time frame, because this was a time he was reminded that Gypsy is lactose intolerant. Nicholas said he ate a steak and cheese omelet with raisin toast and hash

browns.

I again asked Nicholas if, when he got to Dee and Gypsy's home, he knew he was going to kill Dee. Nicholas responded, "I, I pretty much, at that point, I'm uh, I made my mind up that, that's the only option at that point, so I just went right for it and I had uh, latex gloves on, something like that, so uh to try and hide my fingerprints." Nicholas explained when he arrived at Gypsy and Dee's home and Gypsy let him inside, Dee was asleep. He said Gypsy handed him two latex gloves, which he described as bluish/green in color "turquoise." He said then Gypsy handed him the knife, Nicholas said the latex gloves were used to hide his fingerprints. I asked Nicholas if Gypsy had gloves on when she handed him the knife. Nicholas responded, "Her fingerprints will be on the knife." Nicholas continued by explaining Gypsy had not been wearing gloves when she handed him the knife.

I asked Nicholas if he put the latex gloves on inside or outside the home. Nicholas explained he put the gloves on outside the home as he was walking in. Nicholas explained, "It was part of our plan and she's the one that thought of that part of the plan, I told her to get her butt into the bathroom, because that's what she wanted to do and I had to remind her to get to it right away, because I wanted to get this over with and get out of there as soon as possible."

Nicholas denied he ever went into a shed that was on the property at 2103 W. Volunteer Way, and he denied ever getting into Dee's vehicle.

I asked Nicholas what type of sex he and Gypsy had been having. Nicholas explained he and Gypsy have been experimenting with sex and that while the sex has been rough, Gypsy has become used to it and she enjoys it. Nicholas explained further that the sex was "violent, rough." Nicholas said while he has never struck Gypsy in a violent way, he has bitten her and he has used all his force when thrusting his penis into Gypsy's vagina. Nicholas said with regards to biting Gypsy, she would have marks and/or bruises on her body from the biting, because she had asked him to do that in a way to "mark my territory." Nicholas said the first time he had bitten Gypsy, it was because she had whispered in his ear that biting was a turn on of hers. Nicholas said he has only bitten Gypsy twice and while he could not recall the first time, he did recall the second bite was on her right arm. Nicholas explained Gypsy seemed to enjoy the second bite, even though he thought it was a very hard bite.

I asked Nicholas about bruising that had been observed on Gypsy's knees and legs. Nicholas said they might have occurred when Gypsy was crawling around on the floor, cleaning up blood at her and Dee's home in Springfield, Missouri. I asked Nicholas if he had asked Gypsy to clean naked, to which he stated he had and that it was a turn on for him. Nicholas said while he did ask Gypsy to clean while naked and crawling on her hands and knees, she did find it easier, because she was at eye level with the things that needed to be cleaned.

I asked Nicholas if he thought it would have been a turn on to have sex with Dee. Nicholas stated that it was not a turn on. I explained to Nicholas that I was asking this question because at one point Gypsy had stated that he had mentioned he wanted to rape her mother, Dee. Nicholas said, "At one point I was thinking about it, I did actually mention that I was thinking about it, but then I changed my mind, because I've, I had felt bad for just the whole situation of having to kill her mom in general, so I decided to just kill her quickly." Nicholas denied touching Dee in any sexual manner, either prior to or following her death.

I asked Nicholas how long he thought it was that he was stabbing Dee. Nicholas said, "Maybe 5 minutes, maybe." I asked Nicholas if Dee got an opportunity to punch or hit him during the stabbing. Nicholas said Dee was trying to grab onto him, but he was able to get himself free. Nicholas explained he was not on the side of Dee while he was stabbing her; rather he was straddling Dee as she lay on her

stomach on the bed, "which made it a lot harder for her to resist." Nicholas said Dee did try to put up a fight. I asked Nicholas if he said anything to Dee while he was stabbing her. Nicholas said he did and "it was like a different form of myself though, the thing is, is that uh, I don't know if she told you, I don't know how much she told you about me, but the me you're talking to right now is my normal good self and that's the reason I feel the guilt I do, but the one who actually did all this, the thing is I originally, the good side of me refused to do it, that's why it was instant that it happened right away, because my evil side is what actually did it." Nicholas said the evil part of him told Dee she was dead to him. Nicholas said many things were said to Dee, but he could not remember them all. He did recall saying "stop resisting you know you're dead," Nicholas said he has multiple personalities; however he has never been diagnosed with such. Nicholas said while he does not take medication now, he use to take medication for the voices he heard in his head. Nicholas said Gypsy also has an evil side that she refers to as, "Ruby." When talking about Gypsy's evil side, Ruby, Nicholas recalled while stabbing Dee, he told her "never get between me and Ruby." Nicholas went on to explain that Gypsy has another personality she likes to use called, "Kitty," which he explained is that of a little girl. He said she also uses, "Candy."

I asked Nicholas if the good part of him, that he kept mentioning, was what got him on a bus to travel to Springfield, Missouri, to kill Dee. Nicholas said it was, however the killing was solely the evil part of him. Nicholas said the killing of Dee was the only time his evil side has ever come out in his life. Nicholas said besides killing Dee, he has never harmed anyone else in his life.

I asked Nicholas about Facebook posts that had been made from the Dee Gyp Blancharde's Facebook page with regards to someone being harmed. Nicholas said he does not know the password for the Facebook page and that the postings were made by Gypsy. Nicholas said Gypsy had made the posts prior to him having any knowledge of them and she "kinda surprised me with it." Nicholas said when Gypsy told him about the posts, he thought "what the heck, she kinda freaked me out." Nicholas said he felt Gypsy had made the post to "speed up the process." Nicholas went on to explain he felt Gypsy wanted law enforcement to get involved more quickly and to get people's attention.

I asked Nicholas if he and Gypsy hid anything other than the knife. Nicholas stated they had hid money they had stolen from Dee, which Nicholas explained as being Gypsy and Dee's savings. Nicholas said he took the money from Dee's bedroom after he had killed her. He said when entering Dee's bedroom, make a quick right and there would be a one drawer dresser; he said the money was in the drawer of that dresser. Nicholas said the money was contained in a "pouch." Nicholas said Gypsy had told him where the money was within the bedroom, so he could retrieve it, as she refused to go into the bedroom where Dee was deceased. Nicholas said with regards to a safe that was located in Dee's bedroom "somehow, most of the money, somehow Gypsy got out of the safe, because we had a lot of money." Nicholas said he and Gypsy took "thousands" of dollars and they had barely used any of the money. Nicholas said they intended on saving the money as a "nest egg." Nicholas said the money could be located in his bedroom, within a backpack.

In speaking with Nicholas about the money he and Gypsy spent, he confirmed he and Gypsy had gone to a Wal Mart located near his hotel room. He said they went the day before they were to leave for Wisconsin. Nicholas said he purchased condoms, a 2 liter of 7-up, and lip balm. Nicholas said he went into the store alone, because Gypsy had friends in the store and she knew someone would recognize her. Nicholas also stated he had gone to Wal Mart alone on one occasion; however he could not recall the exact date. Nicholas said when Gypsy was with him, they took a taxi to Wal Mart.

At 01:44:42, into the interview of Nicholas Godejohn, I stepped out of the interview room to speak with Greene County Sheriff's Office Detective Stan Hancock. In review of the video footage while I was out of the interview room, it should be noted, Nicholas stated "Oh I gotta tell her that." "That's the only

Restricted

thing I can think of...inaudible....I didn't realize they were going to have a female talk to me, I didn't realize a female deputy, or detective, I am so out of it, I'm so out of it, I'm so worried about our Gypsy though." "I'm gonna ask her a question, a question maybe she can explain to me and answer too, I'm gonna ask her besides being honorable, what does the truth, where does the truth get me besides that, because the reason I ask this is because me and Gypsy planned on lying our way through this, because we didn't want to, because we didn't know how much you guys knew. If we knew how much you knew, we would probably, probably perfected it, at first I did not know how much was known and then, until she came down, I'll wait for her though, apparently she gonna come back in." At 01:48:10, while looking to the right, Nicholas appears to smile briefly, then look towards the camera. Nicholas then begins talking aloud again stating "I don't know if I'm gonna be able to see her, I really don't know."

I entered back into the interview room at 01:48:42, at which time Nicholas wanted to know where telling the truth would get him, besides being honorable. I explained that I could not answer that question. I asked Nicholas if he had ever killed anyone else and he responded, "Uh, no, I know I haven't." I asked Nicholas if he has ever thought about killing anyone. Nicholas responded "Well I might have had the thoughts going in my head, but I haven't actually done it until, uh, it happened to Dee Dee." I asked Nicholas if he thought he would ever kill anyone else. Nicholas responded, "Umm, I can't see it happening."

I asked Nicholas, if after he had stabbed Dee, and after he had sexual intercourse with Gypsy, and they packed all of Gypsy's items, did they ever go back into Dee's bedroom and move any of the blankets from Dee's body. Nicholas denied ever moving the blankets on Dee's body. Nicholas said neither he nor Gypsy called 911 in an attempt to get Dee help.

Nicholas said the first time his mother met Gypsy was at the bus station where she picked them up at in Wisconsin. He said his parents think of him as the "innocent type" so they would never had suspected him to kill anyone. Nicholas said his family has never, in 26 years, seen him do anything evil.

At the conclusion of my interview with Nicholas, I asked him if he had anything else he wished to talk about. Nicholas stated he did and then he stated that the reason he lied initially about what had occurred was because he and Gypsy "agreed on a lie story," "and that's the reason I went with it and then I learned she told you everything, so I just let it all out." I asked Nicholas what he and Gypsy's lie story was. Nicholas said they were going to say that he had come to Springfield by bus, got a hotel and Gypsy began texting him while she was "on the streets." He said Gypsy was supposed to act like she asked for his room number, so she could go straight to his room.

I asked Nicholas if he could go back and change anything, what would he change. Nicholas said, "I would of, the thing is, this is something me and Gypsy have talked about at least, at least a hundred times since we have been able to live together these days that she has been able to be with me, umm, I kept on going back and I kept wanting, asking her, because this is the question I kept on asking her, before I asked her if she, I was the one who asked her before we did this killing that happened, I was the one who actually asked her are you sure you wanted me to do this, and then she said yes, and after she said yes, the rest is the story you already know, but umm the question I kept on asking her besides that, I asked her are you willing to risk everything to have everything you ever wanted, and uhh that's part of the reason why she, uh, risked her old life to have one with me." I explained to Nicholas that with all he said, he did not answer the question. I again asked what he would change, if anything, about what has occurred. Nicholas responded, "On how this happened, oh gosh, well the thing is, is I would rather not killed Dee Dee the truth, because that's the part, that's the main thing I regret the most out of the entire thing."

At 02:02:45, into the interview, I again exit the interview room, at which time Sgt. Hancock entered the

RESTRICTED

room to take photographs of Nicholas. Please see his supplemental photograph log reference his contact with Nicholas.

After Sgt. Hancock finished photographing Nicholas and Sgt. Hancock exited the interview room, leaving Nicholas alone inside the interview room. Nicholas stated, "Just when they said Detectives, it was plural." "I'm freaking screwed, I'm freaking screwed, I did that for her and only for her, actually for us, so yea it was for us, I wouldn't have did it if it wasn't for us, she knew it was the only way to be together." "I would apologize to everyone; everyone I, everyone except for Dan, Dan is the only one I would not apologize to, apparently she decided to go with it, like screw it, me, I actually held together until I learned she didn't lie and I said screw it I'll just tell the truth then too." "I really realize how screwed I am right now...inaudible." "The thing is if I tell the truth, like I just did, Yea, it fucking sucks just having to say it, I really just want the best possible outcome to this as possible, I wonder what it is, I wanna know what it is." "She said she would get the best (inaudible) for me as possible, the reason I said all this was because it's better to just let it all out, I honestly don't think there is anything else I can do anyway." "I really don't like this situation at all, I mean I feel horrible and I miss Gypsy, don't get me wrong, the thing is she kind of, I thought she was gonna protect me, but then she told the truth, I don't know if she did it because she...inaudible." "I got a question for that lady, does Gypsy even want to see me, I feel like she betrayed me, where is that lady, she said she would be right back." "She is probably crying, because she realizes she...inaudible." "Is someone really checking on Gypsy for me please, I got this weird feeling she is freaking crying cause what she did to me." "inaudible...I know the magic words too, pleading, I'm going to use the... inaudible." "See if it works, I hope she comes back in here soon." "I can't believe she gave me up." "I can't believe this, I better be able to see Gypsy, I just wanna be able to hold her, tell her...inaudible." "Because right now you made me take the fall, you say you're sorry, you should have realized...inaudible, let me take the fall." "It'll be lonely night after night, it doesn't, I wish, I really wish that Gypsy could say hi to me, I wish I could just hold on to her...inaudible." "To hurt as badly as I do, inaudible, Detectives, the thing is I already feel guilty, there is no reason to punish me for something I'm already guilty of, makes no sense punishing them for something they already know their guilty of meaning... inaudible...there is no need to sentence me to anything, that's a onetime thing, I'll never kill again, I freaking waited 26 years to freaking kill one person, I hope that's the only person I ever have to kill."

The DVD (audio/video) recording of my interview with Nicholas Godejohn has been logged into Greene County Sheriff's Office, Property, as evidence. The original Greene County Miranda Form has been logged into Greene County Sheriff's Office, Property, as evidence.

Prior to the search, a briefing was conducted in which Greene County Sheriff's Office Detective Sergeant Stan Hancock and I briefed Waukesha County Sheriff's Department Detectives on items that were of interest to us as a result of the processing of the crime scene in Springfield, Missouri, and interviews with Nicholas Godejohn and Gypsy Blanchard.

Interview with Stephanie Goldammer - Nicholas Godejohn's mother

Report:

On June 16th, 2015, while at the Waukesha County Sheriff's Office in Wisconsin, I interviewed Stephanie Goldammer, DOB: 05-28-1969. Stephanie is the biological mother to Nicholas Godejohn. The following is a summation of my recorded (audio/video) interview with Stephanie, and it is not intended as a transcript or exact text of the interview.

Stephanie agreed to speak with me and I briefed Stephanie on Nicholas's charges and on some of the items collected from her home during the search warrant that was served by Waukesha County Sheriff's Department.

Stephanie said Nicholas has never, in his 26 years, done anything violent. Stephanie said Nicholas does have Aspergers, which Stephanie explained was a version of Autism. Stephanie said Nicholas did graduate from Nathan Hale High School, however during school he was in classes for those with learning disabilities. Stephanie said Nicholas did not attend college, but he has taken computer courses.

Stephanie said Nicholas has been diagnosed with Aspergers, and the last doctor to see him said Nicholas would always have the mind of a 15 or 16 year old. Stephanie said because of this, she has always tried to keep a close eye on Nicholas. Stephanie said Nicholas has not seen a doctor with regards to his Autism since he was 19 years old, and he does not take any medication. Stephanie did not know the doctor that diagnosed Nicholas with Autism, however she thought it could be located in medical records.

Stephanie said Nicholas was only close to one cousin, Ricky. Stephanie provided Ricky's phone number (414-336-8157). Stephanie said Ricky has heart issues, and she did not feel he knew anything about the murder of Gypsy's mother. Stephanie said Nicholas does stay in contact with his father, Bob Godejohn, who lived in West Allis, Wisconsin, and she estimated Nicholas had visited Bob within the last couple months, prior to June 16th, 2015. Stephanie provided Bob's contact number (414-258-2948) and stated Nicholas had at one point lived with his father in West Allis, Wisconsin. I explained to Stephanie that I had noticed, while in her home when Waukesha County Sheriff's Department was serving the search warrant, Nicholas's diploma read Nicholas Curry instead of Nicholas Godejohn. Stephanie explained Curry was her maiden name and that at some point Nicholas had changed his last name to his father's, which is Godejohn.

Stephanie estimated Nicholas had been talking with Gypsy for a couple years. She explained the relationship as an on-line relationship. Stephanie said she tried to encourage Nicholas to date someone around where they lived. Stephanie said she did try to discourage Nicholas from his continued relationship with Gypsy, because she was told by a friend that Gypsy had posted on Facebook her desire to have a child with Nicholas. Stephanie said Gypsy sent Nicholas a ring in the mail. Stephanie could not describe the ring Gypsy had sent Nicholas.

Restricted

Stephanie said Nicholas told her Gypsy's mother was very protective of Gypsy. Stephanie said she tried explaining to Nicholas that if a parent did not want you around their kid, that was just how it was, and he should respect that. Stephanie said she was told Gypsy was 19 years old.

I explained to Stephanie some of the medical issues that Gypsy was reported to have, most importantly her inability to walk. Stephanie said Gypsy walked just fine in her presence and was able to climb steep stairs within Nicholas's home. Stephanie said Gypsy never mentioned that anything had happened to her mother. Stephanie said she often referred to Gypsy as the "beast," when talking to her friends about Nicholas and Gypsy's relationship.

Stephanie said when Nicholas told her he wanted to go to Missouri to see Gypsy; she was concerned for his well being, as he had never traveled alone before. Stephanie said Nicholas had gone to Springfield, Missouri, one time prior to June 9th, 2015. Stephanie stated both of Nicholas's visits to Springfield, Missouri, occurred in the year of 2015.

Stephanie was asked if there was anything she wanted to talk about. Stephanie said she wanted everyone to know, as much as she and her family had tried to get Nicholas to realize there were other people to date besides Gypsy, he would not and he would get upset with them for saying those things. Stephanie said Nicholas has always been a good kid and she has never had any problems with him. Stephanie said Nicholas has never become angry and assault her. She went on to explain usually when he gets frustrated, he cries. Stephanie said she almost felt like Nicholas was safer being in jail, as he would not have contact with Gypsy.

Stephanie stated several times throughout the interview that Nicholas has never before been violent. Stephanie also requested that if I was to have contact with Nicholas prior to returning to Springfield, Missouri, that I tell him that she and his step-dad love him and that they would be visiting him.

At the conclusion of the interview, Stephanie was escorted to the lobby of the Waukesha County Sheriff's Department by a Waukesha County Sheriff's Detective.

The DVD recording of my interview with Stephanie Goldammer has been logged into the Greene County Sheriff's Office, Property Room, as evidence.

Interview with Ricky Godejohn - Nicholas Godejohn's cousin

Report:

On June 16th, 2015, while assisting with the homicide investigation reference the death of Claudinnea Ann Blanchard, and through an interview with Stephanie Goldammer, I learned that Nicholas Godejohn's best friend was his cousin, Ricky Godejohn. Stephanie provided me with a contact number for Ricky Godejohn (414-336-8157).

I attempted to contact Ricky Godejohn several times, leaving messages each time. On June 30th, 2015, I received a phone call from Tina Godejohn at which time she advised she was Ricky's mother and guardian, as Ricky has severe Autism. I asked Tina if she would allow for me to speak with Ricky and she stated she would have him call me after he got off work.

On June 30th, 2015, at 1515 hours, I received a call from Tina and Ricky Godejohn. The following information was acquired; Ricky has never met Gypsy, Nicholas has shown Ricky pictures of Gypsy, Gypsy sent Nicholas a video of herself, which Ricky believes is saved on Nicholas's hard drive. Nicholas told Ricky that Gypsy would steal lingerie from various stores, so she could take pictures of herself wearing the lingerie and then send the pictures to Nicholas. Nicholas never spoke to Ricky about any plot to kill Dee Blanchard and he never mentioned the killing to Ricky after it had occurred.

Nothing further was gathered during the phone interview. Both Tina and Ricky were encouraged to contact the Greene County Sheriff's Office if they had anything further to add.

2009 C.D./GCSO case with Blanchards

Report:

On June 16th, 2015, I was assigned to contact Jessica Clayton, an employee of the Child Advocacy Center, located at 1033 E. Walnut, Springfield, Missouri. I made phone contact with Clayton. She advised she had read about the Blanchard case online and she remembered assisting with a call involving Claudinne and Gypsy Blanchard in 2009, when she was employed with the Missouri Division of Social Services-Children's Division (C.D.).

Clayton recalled being asked to assist another C.D. Investigator with a hotline they received at 2301 W. Volunteer Way, Springfield, Missouri, in the fall months of 2009. Clayton advised Greene County Deputies responded with them to this location. Clayton reported the Missouri Child Abuse Hotline they received stated Gypsy was reported to be 17 or 18 years old, but was actually older than that. The allegations included claims of Gypsy being a victim of Munchausen by proxy at the hands of her mother, Claudinne. Clayton stated the allegations stated it was believed Claudinne was using Gypsy to get funds and it was believed they were not actually victims of Hurricane Katrina, as they told everyone.

Clayton advised Claudinne was unable to provide a Social Security card, birth certificate, or any medical records showing Gypsy's actual medical conditions. Clayton stated she was not the primary C.D. investigator in this case, but remembered the case being closed as unsubstantiated, as they were unable to prove any of the allegations being made. Clayton reported she had contacted Heather Ford, who is the Circuit Manager for the Greene County C.D. Office and requested Ford attempt to locate the C.D. report for this incident.

I contacted Ford by phone, who advised the C.D. report had already been purged from their system, as it is C.D.'s policy that all unsubstantiated reports are expunged and cleared from their system after five years has passed. Ford asked that I submit a written request for information regarding this investigation and she would have the archived information checked to see if any reports or information still existed that she could provide for this incident.

A check of the Greene County Sheriff's Office records database showed a report was entered on October 26th, 2009 by Deputy Green (GCSO 18175-09). This report listed Gypsy Blanchard as the victim, listing her date of birth as 07/27/91. The report listed Claudine P. Blanchard as the suspect. The address of occurrence in the report was listed as 2301 W. Volunteer Way, Springfield, Missouri. The narrative of the report read as follows:

"On 10/26/09, I was dispatched to 2103 W. Volunteer Way (a location in Greene County MO) to meet with DFS and speak with an individual in regards to a child at that location.

I arrived on scene and made contact with DFS case workers Jessica Clayton and Marlena Sorenson.

Restricted

Sorenson informed me that there is a child, identified as Gypsy-Rose Blanchard, residing at the address with her mother, Claudine Blanchard. DFS advised that Claudine claims her daughter is paralyzed from the waist down, has MS, cancer and other medical issues. According to the DFS hotline call, St. John's Hospital contacted DFS and informed them that a doctor has checked on Gypsy and her alleged medical issues that Claudine claims Gypsy has. According to DFS, and the hotline call, a doctor could not find any symptoms that would support what Claudine alleges to wrong with her daughter.

According to the hotline, Claudine provided different personal information on Gypsy. Due to the inconsistent birth dates and lack of medical diagnoses, DFS wanted Gypsy checked on to ensure she was not an endangered runaway or missing juvenile. They also wanted to ensure that Claudine was the biological mother to Gypsy.

DFS and I made contact with Claudine and Gypsy and spoke to them about the situation. Claudine stated they are from Louisiana and left there during hurricane Katrina and came to the Springfield, Missouri area. When confronted about all the inconsistent information that she had provided to the hospital, Claudine stated she didn't know why the birth dates and personal information were wrong.

After further investigation, it was found that Claudine had a bad marriage and got a divorce. Due to her fear of her ex-husband, Claudine had changed her daughter's information at the hospital, so that her ex-husband would not be able to find them.

Claudine and Gypsy were checked through MULES and NCIC with negative results. Claudine was positively identified by her Missouri driver's license and Gypsy was positively identified by a Social Security Card provided to me by her mother. It was further determined that Gypsy was 18 years of age and does suffer from some type of mental handicap. While on site, it was apparent that Gypsy is being attended to reference her personal and physical needs.

DFS and I cleared the scene without further incident.

This report is for intelligence purposes only."

Following the written request for information I submitted to Heather Ford with C.D., I received an email from her on July 10th, 2015. The email stated all archived records had been checked and no information had been located regarding the 2009 C.D. case involving Gypsy and Claudine Blanchard.

On January 4, 2016, at approximately 1042 hours, I conducted a proffer with James Crippen at the Federal Court House, Springfield, Missouri. Mr. Crippen's attorney was present, as well as AUSA Abe McGull. The proffer concluded at approximately 1128 hours.

A brief non-verbatim synopsis of the interview is below.

I began the interview by asking Crippen what he wished to discuss. He stated he had information regarding a couple of different people. I asked him to talk about each of them separately and he agreed.

Crippen provided information regarding five separate individuals, which are detailed in separate supplements to protect the integrity of the different investigations.

Crippen first began speaking about Nicholas Godejohn. He advised that Godejohn is a "Pod Mate" of his and said they attend "Rec Time" together in the "Rec Yard" at the Greene County Jail.

Crippen stated Godejohn began talking about his girlfriend identified only as, "Gypsy". Crippen reportedly told Godejohn that he (Godejohn) and Gypsy must really care about each other. He said Godejohn began confiding in him (Crippen) sometime around Thanksgiving and in total, Crippen believed they had three or four conversations about the murder. He said the last conversation they had regarding this incident was approximately two weeks ago.

Godejohn said he met Gypsy on the internet but he did not know how or where on the internet they met. He said at some point, the two decided to meet. Godejohn reportedly told Crippen the decision was made for Godejohn to travel to the Springfield, MO area, where he would have to kill Gypsy's mother, so that Gypsy could leave the area with him (Godejohn). Crippen said Godejohn told him the initial plan after killing Gypsy's mother, was for Godejohn and Gypsy to travel to Louisiana to stay with family. Crippen believed Gypsy has family in that area but Crippen wasn't positive.

Crippen did not know when Godejohn arrived in the Springfield area or exactly where Godejohn was from. He also did not know how soon after arriving, the murder occurred. Crippen said Godejohn began talking about what it was like to kill Gypsy's mother. Godejohn said it made him feel good as he was stabbing her and said he would do it again if needed for Gypsy.

Godejohn told Crippen, Gypsy's mother kept fighting him, as he was repeatedly stabbing her and he repeatedly kept telling her to stop fighting. Crippen wasn't positive of the exact words Godejohn used but it was something like "death is calling to you, stop fighting".

Crippen said the two would talk while walking laps together in the "Rec Yard". I asked why they stopped talking. Mr. Crippen said it was because Mr. Godejohn was transferred to solitary confinement for writing on the walls in the "Rec Yard". Godejohn was reportedly trying to write messages to Gypsy, who also uses the "Rec Yard".

I asked Crippen what the purpose of providing this information. He said it was to hopefully use it to help his legal situation. I asked if he had anything else to add regarding Mr. Godejohn. He said not that he could think of.

After completing the interview, I searched Case.net for "Godejohn" in Greene County. I found one case filed for a Nicholas P. Godejohn with a date of birth in 1989. The case was filed on 06/09/15 with a count of murder 1st degree and one count of armed criminal action. The court case number was identified as 1531-CR03590-01.

Nothing further.

Interview with William Osborne

Report:

On June 14th, 2015, I was assigned to make contact with William Osborne, DOB: 03/23/1971. I made phone contact with William who stated he would like to meet with me at the McDonalds located at 3320 E. Battlefield Road, Springfield, Missouri. William told me he was a member of a Star Wars club called MCIS and Gypsy was a member of the Star Wars 501st club. William told me he knew Gypsy and he wanted to talk to me in person. I made personal contact with William at McDonalds at the address mentioned previously.

William stated he was concerned about Gypsy's well being and if her wheelchair was at her residence then he feared something horrible happened to her. William said he contacted several of the MCIS and 501st club members and none of the members knew the whereabouts of Gypsy and they were all concerned for her well being.

William was unable to give any other pertinent information about the whereabouts of Gypsy and he told me he wanted to help in any way he could. I gave William a business card with my phone number and to call me if he discovered any other information.

Opening of the KVD knife from its original packaging from Wisconsin

Report:

After returning from Waukesha County Sheriff's Office I placed the original evidence packaging of the KVD knife into another card board box and sealed it with evidence tape and logged it into property. Detective Sergeant Jim Stanley was tasked with opening up the KVD knife from the original evidence packaging from the Waukesha County Sheriff's Office to take photographs of the KVD knife.

Detective Stanley retrieved the card board box, which contained the KVD knife, from the Greene County Sheriff's Office property room. While in the Greene County Sheriff's Office evidence packaging room Detective Stanley put down fresh butcher block paper and put gloves on, then he opened up the card board box. After opening the card board box with the Greene County Sheriff's Office evidence tape on it, Detective Stanley pulled out the original evidence packaging from the Waukesha County Sheriff's Office and opened it.

Detective Stanley pulled out from the Waukesha County Sheriff's Office evidence paper bag a United States Postal Service envelope. The top left corner of the manila envelope showed a hand written sender's information as, "Blanchard 2103 W. Volunteer Way, Spfd, MO 65803, with the destination hand written to, " Nick Godejohn W22858755 Cherry ST Big Bend WI 53103."

A white in color United States Postal Service label was displayed on the front right side of the envelope. The information observed on the label displayed the following, "Origin: 65804, 5.00 oz, Jun 11, 15, 2875310095-13." A price of, "\$2.94," was indicated on the label below the, "US POSTAGE PAID." The label indicated the package was sent, "USPS FIRST-CLASS MAIL." The label indicated a United States Postal Service tracking number as, "9500 1111 0243 5162 4228 78."

Detective Stanley pulled out of the United States Postal Service envelope another envelope which contained a red and black handled KVD brand knife, with a black in color sheath on the blade of the knife, and two blue in color latex gloves. The KVD knife and the two blue latex gloves both had dried blood on them. Detective Stanley photographed the KVD knife with the two blue latex gloves without the scale, then with the scale. After the photographs were taken they were uploaded to the server. Detective Stanley repackaged the evidence and logged it back into the Greene County Sheriff's Office property room.

Video from Gypsy cell phone videoing herself to Nicholas

Report:

I was notified by Springfield Police Department, Computer Forensic Analyst, Michael Costello, in reference to audio/video footage he located involving Gypsy Blanchard. The audio/video was fifteen minutes long. The following is a summation of the recorded audio/video of Gypsy Blanchard; it is not intended as a transcript or exact text of the recording.

In this audio/video, Gypsy appears in what looks like a black in color jacket with a red wig, addressing it to Nicholas, from Gypsy, calling him "sir." She states, "Hi sir this is Ruby and I'm making this video as an introduction video." Gypsy admits Ruby is the most evil side of her.

Gypsy stated in this audio/video she likes to get into trouble and she is not sorry when she gets caught. Gypsy stated her, "caring," was broken and she was not scared of law enforcement but she would be scared of Nicholas's evil side. Gypsy stated she would do anything with Nicholas to include murder, rape, and assault. Gypsy tells Nicholas if at any time a girl tried to become his girlfriend she would kill them with pleasure and there would be lots of gore and blood. Gypsy stated if a girl was trying to get with Nicholas for sex she might allow it. But if the girl tried to get with him as a girlfriend she would kill her and they could kill her together. Gypsy goes on to say how if it were family members murdered she would not be so brutal and she would have to step back and let him handle it. Gypsy stated she would allow Nicholas to rape her anytime he wanted to but not physically assault her but she was ok with, "rough sex and rape sex." Gypsy talked about the romantic side of Ruby and how Ruby was not touchy feely, however Kitty, Candy, and Bella were the romantic sides of her.

Gypsy stated in this audio/video, she was very good at stealing and talked about how they could steal bigger things together. Gypsy talked about how she was, "very good at planning things." Gypsy said she liked to cause, "mischief and mayhem," but Nicholas would have to put her in charge of all the planning. Gypsy stated she comes up with, "very very bad ideas," and then she referred to her bad ideas as robbery, rape, vandalism, and stealing vehicles. The remainder of the video Gypsy talked about her and Nicholas bonding when they could finally be together. Other than the above mentioned statements there was nothing else of evidentiary value on the audio/video footage.

A copy of the DVD was attached to this report and was logged into evidence. It should be noted the DVD will only play using a Dropbox account.

Crime Scene Diagram

Report:

On June 14, 2015, I responded to 2103 W. Volunteer Way, Springfield, Missouri, reference to two missing persons with suspicious circumstances. I was assigned to be the Crime Scene Supervisor as well as to do the crime scene diagram.

I had been contacted by Capt. Kenny Weatherford, who advised that two subjects were missing from the location. Information had been obtained from Facebook that one of the persons, may have been stabbed and the other raped. Capt. Weatherford stated, the youngest person missing was Gypsy Blanchard, who was in a wheelchair; however her wheelchair was still at the location. Capt. Weatherford advised me that patrol units were on scene, and a subject had entered the residence, through a side window and no one was in the residence. Capt. Weatherford advised, Sergeant Jim Stanley would be assigned as Crime Scene lead, Sergeant Dennis Rice was assigned as Crime Scene Photographer and Corporal Brad Wallace was to assist with the search for evidence.

When I arrived at the scene, I observed the residence in question was a pink in color residence on the north side of Volunteer Way. The residence had a wheelchair ramp on the south side, with a white picket style railing. There was a concrete driveway on the east side of the residence which led back to a small, blue in color shed. Parked on the south side of the shed was a purple in color Nissan Cube bearing Missouri License CV72H. The vehicle was facing to the north next to the trash cans.

The residence had the numeric's "2103" in black numbers on the west side facing the south. There was yellow crime scene tape around the residence. On the north side of the residence, was a wooded area with a residence on the north side of it. On the east side of the residence, below a small window was a large storage container. The information that was obtained was that the civilian that entered the residence, entered through this window.

Due to rain moving into the area, we began a search of the exterior of the residence. Sgt. Stanley, Sgt. Rice and I began a grid search outside of the residence. The search had to be called off twice, due to lightning strikes in the area. The evidence on the outside of the residence was marked with number placards, then photographed and collected.

The search warrant was signed by Judge Michael Cordonnier and a copy was brought to the scene for Deputies to review. At 0018 hours on June 15, 2015, Sgt. Stanley and I entered the residence for an initial observation. Sgt. Stanley had obtained a key to the residence, so forced entry would not be needed. Sgt. Stanley and I attempted to make entry through the front door; however the key would not unlock the door. We then proceeded to the side door on the east side of the residence. The key allowed us to unlock the door, however as Sgt. Stanley attempted to open the door; he was met with resistance. Sgt. Stanley was able to push the door open enough to see a plastic shelving unit that was placed in front of the door with kitchen materials on it. Once inside the residence, we searched briefly for any evidence. As we walked down the hallway to the north, Sgt. Stanley went into a bedroom on the west side of the residence and I went into the bedroom on the east side. As I entered the bedroom, I observed a light that was on in the closet in the northwest corner of the residence. This illuminated the bedroom just enough that I was able to see a person lying in the bed. I observed what appeared to be a female lying on her stomach with what appeared to be blood on her back. I could see that the female was wearing a white in color shirt with some type of design on the clothing. The female was partially covered by a pink in color blanket which was covering just above the waist line and the lower portion of the body.

Restricted

The sheet also appeared to have blood on it. Sgt. Stanley checked for a pulse and could not locate one. At this point we exited the residence and made contact with Capt. Weatherford and advised him of the situation.

The remaining time I was on scene, I was a supervisor, reviewed photographs and conducted a diagram of the scene using the Sokia Total Station. Attached is the diagram of the scene along with measurements.

The following are measurements inside the incident location, the Disto instrument was utilized. These items were documented at the request of the crime scene lead investigator, Sgt. Stanley. The individual evidence location measurements were collected; the following are approximate locations and not exact locations. The item locations are representations for the purpose of diagramming the scene based on information provided by Sgt. Stanley.

- #8 Plastic spray bottle in the hallway. 14.55 feet from north wall, 2.35 feet from west wall.
- #9 Black ball cap in the hallway. 12.53 feet from north wall, 1.49 feet from west wall.
- #10, 11, and 12 were swabs taken from the laptop computer.
- #13 Laptop computer leaning against the side of the bed in the master bedroom. 4.58 feet from south wall, 8.18 feet from west wall.

Item 1.1 Swabs of where Red Part of Handle meets Black Part of Handle (Z15003318)

Analysis Result: A DNA profile was developed and is characteristic of being a mixture of three individuals. Claudinneau Blanchard, Gypsy Blanchard, and Nicholas Godejohn cannot be eliminated as contributors to the mixture.

The observed mixture profile is 59.88 quadrillion times (in the Caucasian population) and 6.12 quintillion times (in the Black population) more likely to occur under the scenario that it originated from a mixture of DNA from Claudinneau Blanchard, Gypsy Blanchard, and Nicholas Godejohn as opposed to the scenario that the mixture originated from a mixture of DNA from three unknown, unrelated individuals. These statistics are based on 9 of 13 possible loci.

Item 14.1 Swab from sink (Z15003075)

Analysis Result: A DNA profile was developed and is characteristic of being a mixture of three individuals. Claudinneau Blanchard, Gypsy Blanchard, and Nicholas Godejohn cannot be eliminated as contributors to the mixture.

The observed mixture profile is 475.7 quintillion times (in the Caucasian population) and 8.084 septillion times (in the Black population) more likely to occur under the scenario that it originated from a mixture of DNA from Claudinneau Blanchard, Gypsy Blanchard, and Nicholas Godejohn as opposed to the scenario that the mixture originated from a mixture of DNA from three unknown, unrelated individuals. These statistics are based on 11 of 13 possible loci.

The DNA profiles were developed using the Polymerase Chain Reaction (PCR) at Promega's PowerPlex 16 genetic loci.

Exams are complete and the evidence is available for pick-up.

Other statistical calculations are available upon request.

This report contains opinions, interpretations and/or conclusions of the undersigned. I, the undersigned, do hereby certify that the above and foregoing is a true and accurate summation of the results of analysis conducted.
